#### OUTCLIENT SUBSTANCE USE DISORDERS TREATMENT FOR FORENSIC CLIENTS

and/or

#### TRANSITIONAL HOUSING/SOBER LIVING ENVIRONMENTS FOR FORENSIC CLIENTS

Placer County is inviting proposals from qualified providers to provide outclient substance use disorders treatment services and/or transitional housing/sober living environments to forensic clients within Placer County who are expected to be lower-level felony offenders - non-serious, non-violent, and non-sex-registerable or other low level offenders with felony charges identified by Probation. These persons will be those sentenced after October 1, 2011 who are now subject to local jail custody and/or community alternatives to incarceration rather than being sent to State prison or other persons identified by the Placer County Probation Department. It is expected that these outclient services will have specific evidence-based programming targeting this population.

A percentage of the population is expected to have co-occurring disorders. A small percentage of this population may also be perinatal: Perinatal outclient and Day Care Habilitative (DCH) Treatment providers may also apply.
