Funding is provided by federal sources in the FY 2015-16 Final Budget.

BACKGROUND

The County applied for, and received, a federal grant from the Highway Safety Improvement Program (HSIP) to improve pedestrian and roadway facilities along Auburn Folsom Road between Robin Hood Way and Shelborne Drive. This grant is administered by Caltrans. The project consists of four components:

1. A pedestrian activated crossing signal with crosswalk on Auburn Folsom Road between Robin Hood Way and Cedar Oaks Drive.
2. Road widening and a sidewalk along the south side of Joe Rodgers Road, and a crosswalk at Joe Rodgers Court.
3. High friction surfacing at two curves on Auburn Folsom Road near Miners Ravine Nature Preserve.
4. A vehicle speed feedback sign on southbound Auburn Folsom Road near Shelborne Drive.

In April of 2014, your Board approved the award of RFQ No. 10327 and the original Qualified Lists for Construction Management Services. From that list, HDR, Inc. has been chosen to provide inspection and construction support services for this project, including material testing.

ENVIRONMENTAL CLEARANCE

A Notice of Exemption was filed for the project with the County on January 20, 2015 and with the State Clearing House on January 22, 2015 pursuant to the California Environmental Quality Act (CEQA). A Categorical Exclusion (CE) satisfied the National Environmental Policy Act (NEPA) requirements and was signed by Caltrans on February 9, 2015 and revalidated on May 27, 2015.

FISCAL IMPACT

Award of this contract is in the amount of $107,197, plus a contingency of ten percent. This project is budgeted in the FY 2015-16 Department of Public Works and Facilities Final Budget, Road Construction Projects, HSIP Auburn Folsom Safety Improvement Project #PC2974. The Regional Surface Transportation Program (toll credit) funds will cover 100 percent of the cost of this contract.
