

## ADVISORY NOTICE FOR AGRICULTURAL ENGINES

Airborne Toxic Control Measure (ATCM) for Stationary Diesel Engines

January 2008

### ***IMPORTANT INFORMATION FOR OWNERS AND OPERATORS OF STATIONARY AND PORTABLE DIESEL AGRICULTURAL ENGINES GREATER THAN 50 HORSEPOWER***

#### ***REQUIREMENT FOR ENGINE REGISTRATION***

The purpose of this advisory is to alert owners and operators of agricultural engines to the registration requirements mandated by recently adopted State law.

In response to this State law, the Placer County Air Pollution Control District (District) is required to have owners/operators of new and existing agricultural diesel engines rated at 50 horsepower or greater register their engines with the District by **March 1, 2008**. Owners are encouraged to register their engines as soon as possible to meet the compliance deadline. A registration application is enclosed. You must complete this form for all diesel engines used at your facility, except those that propel vehicles. Failure to apply for registration by March 1, 2008 may result in enforcement action, including monetary fines.

Completed forms should be submitted by **March 1, 2008** to the PCAPCD at:

Placer County Air Pollution Control District  
3091 County Center Drive, Suite 240  
Auburn, CA 95603

In addition to registration, the law required engines to:

- Be equipped with a non-resetting hour meter and
- Meet the new emission standards by the compliance schedule in the table shown on the reverse side of this advisory.

There may be funding available through the Carl Moyer Program or the District's Clean Air Grant Program to replace these engines. Please call Heather Kuklo at (530) 745-2339 if you are interested in these programs.

You may visit [www.arb.ca.gov/diesel/ag/documents/facts0407ag.pdf](http://www.arb.ca.gov/diesel/ag/documents/facts0407ag.pdf) for more information on this State law and the emission standards. If you have any questions in regard to the registration application or requirements, please contact Don Duffy at the District at (530) 745-2336.

## Compliance Schedule for Agricultural Diesel Engine Replacement

Engine Size (horsepower)	Engine Model Year	Engine Emission Limit Compliance Date
50 to 74	1997 and earlier	December 31, 2011
"	1998 to 2003	December 31, 2015
"	2004	December 31, 2015
"	2005	December 31, 2016
"	2006	December 31, 2017
"	2007	December 31, 2018
75 to 99	1997 and earlier	December 31, 2011
"	1998 to 2003	December 31, 2015
