If your security level of your Internet Explorer browser is set too High, so that you do not access websites that might damage your computer, you may be unable to access specific functions of this website. You can add the URL of the website to your Trusted Sites list as follows:

To Add a Trusted Site in Internet Explorer

1. From the Internet Explorer **Tools** menu, click **Internet Options**.

2. Click the **Security** tab.

3. Click **Trusted Sites**.

4. Click the **Sites** button.

5. In the **Add this website to the zone** field, type the URL for the trusted website.

    o   https://obpf.mptsweb.com/OBPF/Placer.aspx

6. Click the **Add** button

7. Click **Close**.

8. On the **Internet Options** window, click **OK**.
