The following project has been released by Placer County as a proposed Final Environmental Impact Report:

**PROJECT NAME: Hidden Falls Regional Park Project**  
(PEIR T20070444, State Clearinghouse# 2007062084)

**REVIEW PERIOD: December 11, 2009 – December 21, 2009**

**PROJECT DESCRIPTION:** This project proposes to add approximately 979 acres to the already existing Hidden Falls Regional Park. The 221-acre Didion Ranch portion of the Park was opened to the public in October 2006 and includes approximately 7 miles of natural surface trails available for non-motorized multiple use, a paved access road and parking lot via Mears Drive, as well as other amenities. The proposed project would include an additional access and parking area via Garden Bar Road, road improvements along Garden Bar Road, construction of a multiple-use trail system, and implementation of other passive recreational facilities that would be located within the Park. The County has the principal responsibility for approving and carrying out the proposed project and is the primary source of funding for the proposed project.

**PROJECT LOCATION:** The Hidden Falls Regional Park project area is located 40 miles northeast of Sacramento, between north Auburn and the City of Lincoln in Placer County. The Park is located east of Garden Bar Road, north of Mt. Vernon and Mt. Pleasant Roads, west of Bell and Hubbard Roads and south of Big Hill Road. The project area includes portions of Coon and Deadman Creeks and is located south of the Bear River.
