EDWARD N. BONNER
SHERIFF-CORONER-MARSHAL

DEVON BELL
UNDERSHERIFF

To: Board of Supervisors
From: Edward N. Bonner, Sheriff-Coroner-Marshal
Date: September 14, 2010
Subject: Anti-Drug Abuse (ADA) Enforcement Program Grant Application

Action Requested

It is recommended that your Board approve the FY 2010/11 Anti-Drug Abuse (ADA) Enforcement Program application related to the staff assigned to the Special Investigations Unit in the amount of \$194,728. These funds will be allocated for Sheriff Department task force operational costs including one Deputy Sheriff II and for additional task force resources from allied departments/agencies as approved by the task force participants. Your approval is requested for Edward N. Bonner, Sheriff-Coroner-Marshal, to execute the application, grant award and other related paperwork as required.

Background

The Sheriff's Department receives funding from the State Justice Assistance Grant program for local Anti-Drug Abuse (ADA) Enforcement Programs. Our approved program under this grant is to provide staffing resources to the Special Investigations Unit (SIU) task force. SIU contributes to the safety and well-being of the Placer County residents and is part of the County's fight against drugs such as methamphetamines. This task force is comprised of allied police agencies and Sheriff, District Attorney and Probation departments within Placer County along with assistance provided as needed from Health and Human Services. It is intended with the current grant application to continue to fund the Deputy Sheriff's operational costs related to the task force. The task force participants will be meeting to execute the current operational agreement, which will run from July 1, 2010 to June 30, 2011, and provide further direction to how the additional resources anticipated from this grant will be allocated. Your Board's approval of this grant application based on the final direction of the authorized task force representatives and authorizing the Sheriff-Coroner-Marshal to execute this agreement is requested.

Fiscal Impact

The deputy sheriff position is currently funded in the Proposed FY 10/11 budget for SIU estimated at \$141,068. Operating costs for the position and overtime for the other participating allied agencies are also included in this grant estimated at \$53,660. There will be no impact to the General Fund.

**CALIFORNIA EMERGENCY MANAGEMENT AGENCY
GRANT AWARD FACE SHEET (Cal EMA 2-101)**

The California Emergency Management Agency, hereafter designated Cal EMA, hereby makes a grant award of funds to the following:

1. Grant Recipient: County of Placer

hereafter designated Recipient, in the amount and for the purpose and duration set forth in this grant award.

2. Implementing Agency: Placer County Sheriff's Department

3. Project Title: Anti-Drug Abuse Enforcement Program 4. Grant Period: 07/01/10 to 06/30/11

*Select the Grant year and fund source(s) from the lists below or type the appropriate acronym in box 9. Enter the amount(s) from each source. Please do not enter both State and Federal fund sources on the same line. Add any cash match(s). Block 10G is the Grant Award total amount.

Grant Year	Fund Source	A. State	B. Federal	C. Total	D. Cash Match	E. In-Kind Match	F. Total Match	G. Total Project Cost
09/10	5. JAGO		\$194,728				\$0	
Select	6. Select						\$0	
Select	7. Select						\$0	
Select	8. Select						\$0	
Select	9.						\$0	
	10. TOTALS	\$0	\$194,728	\$194,728	\$0	\$0	\$0	10. Grand Total: \$194,728

11. This grant award consists of this title page, the application for the grant, which is attached and made a part hereof, and the Assurance of Compliance forms which are being submitted. I hereby certify I am vested with the authority, and have the approval of the City/County Financial Officer, City Manager, County Administrator, or Governing Board Chair, to enter into this grant award agreement; and all funds received pursuant to this agreement will be spent exclusively on the purposes specified. The grant recipient signifies acceptance of this grant award and agrees to administer the grant project in accordance with the statute(s), the Cal EMA Program Guidelines, the Cal EMA Recipient Handbook, the Federal OJP Financial Guide and Program Guidelines (if applicable), and the Cal EMA audit requirements, as stated in the applicable RFP or RFA. The grant recipient further agrees to all legal conditions and terms incorporated by reference in the applicable RFP or RFA, and agrees that the allocation of funds is contingent on the enactment of the State Budget.

**CERTIFICATION OF ASSURANCE OF COMPLIANCE
ANTI-DRUG ABUSE
METHAMPHETAMINE LABORATORY OPERATIONS**

The applicant must complete a Certification of Assurance of Compliance - ADA CalEMA 2-104a (formerly OES 656), which includes details regarding Equal Employment Opportunity Program (EEO), Drug Free Workplace Compliance, California Environmental Quality Act, Lobbying, Debarment and Suspension requirements, Proof of Authority from City Council/Governing Board, and compliance with the provisions of the National Environmental Policy Act (NEPA) relating to clandestine methamphetamine laboratories. The applicant is required to submit the necessary assurances and documentation before finalization of the Grant Award Agreement. In signing the Grant Award Face Sheet, the applicant formally notifies CalEMA that the applicant will comply with all pertinent requirements.

Resolutions are no longer required as submission documents. CalEMA has incorporated the resolution into the Certification of Assurance of Compliance, Section VI, entitled, "Proof of Authority from City Council/Governing Board." The Applicant is required to obtain written authorization (original signature) from the City Council/Governing board that the official executing the agreement is, in fact, authorized to do so, and will maintain said written authorization on file and readily available upon demand. This requirement does not apply to state agencies.

**CERTIFICATION OF ASSURANCE OF COMPLIANCE
ANTI-DRUG ABUSE
METHAMPHETAMINE LABORATORY OPERATIONS**

I, Edward N. Bonner, Sheriff-Coroner-Marshal hereby certify that
(official authorized to sign grant award; same person as Section 12 on Grant Award Face Sheet)

RECIPIENT: County of Placer

IMPLEMENTING AGENCY: Placer County Sheriff's Department

PROJECT TITLE: Anti-Drug Abuse Enforcement Program

is responsible for reviewing the *Grant Recipient Handbook* and adhering to all of the Grant Award Agreement requirements (state and/or federal) as directed by CalEMA including, but not limited to, the following areas:

I. Equal Employment Opportunity – (Recipient Handbook Section 2151)

It is the public policy of the State of California to promote equal employment opportunity by prohibiting discrimination or harassment in employment because of race, religious creed, color, national origin, ancestry, disability (mental and physical) including HIV and AIDS, medical condition (cancer and genetic characteristics), marital status, sex, sexual orientation, denial of family medical care leave, denial of pregnancy disability leave, or age (over 40). **CalEMA-funded projects certify that they will comply with all state and federal requirements regarding equal employment opportunity, nondiscrimination and civil rights.**

Please provide the following information:

Equal Employment Opportunity Officer: Nancy Nittler
Title: Personnel Director
Address: 175 Fulweiler Ave, Auburn, CA 95603
Phone: 530-889-4060
Email: nnittler@placer.ca.gov

II. Drug-Free Workplace Act of 1990 – (2006 Recipient Handbook, Section 2152)

The State of California requires that every person or organization awarded a grant or contract shall certify it will provide a drug-free workplace.

III. California Environmental Quality Act (CEQA) – (2006 Recipient Handbook, Section 2153)

The California Environmental Quality Act (CEQA) (*Public Resources Code, Section 21000 et seq.*) requires all CalEMA funded projects to certify compliance with CEQA. Projects receiving funding must coordinate with their city or county planning agency to ensure that the project is compliance with CEQA requirements.

IV. Lobbying – (Recipient Handbook Section 2154)

CalEMA grant funds, grant property, or grant funded positions shall not be used for any lobbying activities, including, but not limited to, being paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making of any federal grant, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal grant or cooperative agreement.

V. Debarment and Suspension – (Recipient Handbook Section 2155)
(This applies to federally funded grants only.)

CalEMA-funded projects must certify that it and its principals are not presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of federal benefits by a state or federal court, or voluntarily excluded from covered transactions by any federal department of agency.

VI. Proof of Authority from City Council/Governing Board

The above-named organization (applicant) accepts responsibility for and will comply with the requirement to obtain written authorization from the city council/governing board in support of this program. The applicant agrees to provide all matching funds required for said project (including any amendment thereof) under the Program and the funding terms and conditions of CalEMA, and that any cash match will be appropriated as required. It is agreed that any liability arising out of the performance of this Grant Award Agreement, including civil court actions for damages, shall be the responsibility of the grant recipient and the authorizing agency. The State of California and CalEMA disclaim responsibility of any such liability. Furthermore, it is also agreed that grant funds received from CalEMA shall not be used to supplant expenditures controlled by the city council/governing board.

The applicant is required to obtain written authorization from the city council/governing board that the official executing this agreement is, in fact, authorized to do so. The applicant is also required to maintain said written authorization on file and readily available upon demand.

**SPECIAL CONDITIONS OF ANTI-DRUG ABUSE PROJECTS
METHAMPHETAMINE LABORATORY OPERATIONS**

This special condition facilitates compliance with the provisions of the National Environmental Policy Act (NEPA) relating to clandestine methamphetamine laboratories, including the seizure and/or removal of clandestine methamphetamine laboratories [hereinafter, "meth lab operations"].

The United States Environmental Protection Agency (USEPA) has determined that, "law enforcement responsibilities terminate when the law enforcement official notifies the property owner of record, the state, and the local environmental or public health agencies in writing of a possible site contamination at a clandestine lab."

Law enforcement personnel may seize as evidence and remove any bottles, cans, jugs and other containers, as well as contaminated apparatus and chemical samples from a clandestine drug site, however, law enforcement agencies are not responsible for the cleanup/remediation of any rooms, buildings or surrounding environments, including septic systems, rivers, streams or contaminated soils.

(Check one of the following four boxes)

Will **not** accept the JAG funds for the period of July 1, 2010 - June 30, 2011

OR

Will accept the JAG funds for the period of July 1, 2010 - June 30, 2011 but will not use them in the **seizure or removal** of clandestine methamphetamine laboratories.

OR

Will accept the JAG funds for the period of July 1, 2010 - June 30, 2011 and comply with Federal, State, and local environmental, health, and safety laws and regulations applicable to the **seizure** of clandestine methamphetamine laboratories. Said compliance will include the following mitigation measures:

1. Recipient will provide medical screening of personnel assigned or to be assigned by the recipient to the seizure of clandestine methamphetamine laboratories;
2. Recipient will provide Occupational Safety and Health Administration (OSHA) required initial and refresher training for law enforcement officials and all other personnel assigned to the seizure of clandestine methamphetamine laboratories;
3. Recipient will equip personnel, as determined by their specific duties, with OSHA required protective wear and other required safety equipment;
4. Recipient will notify the Department of Toxic Substances Control (DTSC), and send written notification to the property owner of record, and the local Environmental Management and/or Public Health Department whenever a clandestine methamphetamine laboratory is seized; and
5. Recipient will enter into a written agreement with the local Social Services Department to notify the local Social Services Department whenever a minor is found at a clandestine methamphetamine laboratory site, and, if determined to be necessary, require that qualified personnel be dispatched to the site and, if determined to be necessary:
 - (i) Respond to the minor's health needs that relate to methamphetamine toxicity;
 - (ii) Take the minor into protective custody unless the minor is criminally involved in the clandestine methamphetamine laboratory activities or is subject to arrest/detention for other criminal violations;
 - (iii) Arrange for medical testing for methamphetamine toxicity; and
 - (iv) Arrange for any follow-up medical tests, examinations, or health care made necessary as a result of methamphetamine toxicity.

OR

Will accept the JAG funds for the period of July 1, 2010 - June 30, 2011 and comply with Federal, State, and local environmental, health, and safety laws and regulations applicable to the **seizure and/or removal** of clandestine methamphetamine laboratories. Said compliance will include the following mitigation measures:

1. Recipient will provide medical screening of personnel assigned or to be assigned by the recipient to the seizure and/or removal of clandestine methamphetamine laboratories;

2. Recipient will provide Occupational Safety and Health Administration (OSHA) required initial and refresher training for law enforcement officials and all other personnel assigned to the seizure and/or removal of clandestine methamphetamine laboratories;
3. Recipient will equip personnel, as determined by their specific duties, with OSHA required protective wear and other required safety equipment;
4. Recipient will send written notification to the property owner of record, and the local Environmental Management and/or Public Health Department whenever a clandestine methamphetamine laboratory is seized;
5. Recipient will enter into a written agreement with the local Social Services Department to notify the local Social Services Department whenever a minor is found at a clandestine methamphetamine laboratory site, and, if determined to be necessary, require that qualified personnel be dispatched to the site and, if determined to be necessary:
 - (v) Respond to the minor's health needs that relate to methamphetamine toxicity;
 - (vi) Take the minor into protective custody unless the minor is criminally involved in the clandestine methamphetamine laboratory activities or is subject to arrest/detention for other criminal violations;
 - (vii) Arrange for medical testing for methamphetamine toxicity; and
 - (viii) Arrange for any follow-up medical tests, examinations, or health care made necessary as a result of methamphetamine toxicity.
6. Recipient will assign properly trained personnel to prepare a Hazard Assessment and Recognition Plan (HARP) for the clandestine methamphetamine laboratory site;
7. Recipient or DTSC will utilize qualified disposal personnel to remove the chemicals, associated glassware, equipment, and contaminated materials and wastes from the clandestine methamphetamine laboratory site;
8. Recipient or DTSC will dispose of the chemicals, associated glassware, equipment, and contaminated materials and wastes at properly licensed disposal facilities or, when allowable, at properly licensed recycling facilities; and
9. Recipient or DTSC will monitor the records involving the transport, disposal and recycling components of subparagraphs numbered 7 and 8 immediately above in order to ensure proper compliance.

All appropriate documentation must be maintained on file by the project and available for CalEMA or public scrutiny upon request. Failure to comply with these requirements may result in suspension of payments under the grant or termination of the grant or both and the Recipient may be ineligible for award of any future grants if the CalEMA determines that any of the following has occurred: (1) the Recipient has made false certification, or (2) violates the certification by failing to carry out the requirements as noted above.

CERTIFICATION	
<p>I, the official named below, am the same individual authorized to sign the Grant Award Agreement [Section 12 on Grant Award Face Sheet], and hereby swear that I am duly authorized legally to bind the contractor or grant recipient to the above described certification. I am fully aware that this certification, executed on the date and in the county below, is made under penalty of perjury under the laws of the State of California.</p>

7. PROGRAM DESCRIPTION			
<p>The Placer Special Investigation Unit will continue to coordinate all ongoing drug investigations in Placer County. We will work directly with ACCESS to remove children from drug-endangered environments created by methamphetamine user and those who manufacture methamphetamine in the residences where these children live. Placer SIU will continue to assess drug trends and coordinate strategies to address specific drug related crime problems.</p>			
8. PROBLEM STATEMENT			
<p>The number one drug problem in Placer County is methamphetamine and the manufacture of methamphetamine. Most of the patrol arrests for drug related crimes are for methamphetamine and/or methamphetamine labs. The PLEA Board ADA steering committee identified methamphetamine as the first priority drug problem that SIU needs to address within the County. Methamphetamine is easy to make, chemicals are purchased over the counter, and it's relatively inexpensive to buy. There as been an influx of people from adjacent counties entering Placer County to purchase/steal psuedoephedrine used in manufacturing methamphetamine along with distribution methamphetamine within Placer County. Methamphetamine crosses all age lines from grandmothers and fathers all the way down to young teenagers.</p>			
9. OBJECTIVES			
<ol style="list-style-type: none">1) Conduct investigations into the primary suppliers of illegal drugs in Placer County.2) Increase prison sentences for drug traffickers and drug manufactures within Placer County.3) Increase contacts with high risk probationers.4) Continue the working relationship with the Adult, Child and Community Emergency Service.5) Remove children from a drug endangered environment.			

10. ACTIVITIES

Working in conjunction with local law enforcement, social services and prosecutors, investigate, arrest and prosecute the individuals and organizations involved in the sale of drugs and the manufacture of drugs in Placer County.

See narrative for details.

11. EVALUATION (if applicable)

Through the use of statistical data gathered (arrests, seizures, children removed from drug endangered environments, weapons seized and successful prosecutions and convictions adjust the activities and methods used, to reach the goals and objectives outlined. See narrative for details

**PROJECT NARRATIVE
PLACER COUNTY
Office of Criminal Justice Planning
Anti-Drug Abuse Grant 2010/2011**

PROBLEM STATEMENT

Description of the Jurisdiction

Placer County covers 1506 square miles with a population over 341,945. Geographically, it is located just north of and borders Sacramento County. The western area of the county is foothills and flat lands of rice fields, orchards, pasturelands with growing manufacturing and high tech industries. The largest concentration of people in the county is in this portion of the county and consists of the cities of Roseville, Rocklin, Lincoln and Loomis and the communities of Granite Bay and Sheridan. This western area also serves as a bedroom community for Sacramento and other valley and Bay Area locations. The middle portion consists of foothills with numerous working ranches and an ever-growing number of non-working ranchettes. The middle portion of the county has the second densest area of population with the cities of Auburn and Colfax and the communities of Penryn, Newcastle, North Auburn, Foresthill and Meadow Vista. The eastern section of the county climbs into the rugged Sierra Nevada Mountain Range to the Lake Tahoe recreational area with a small permanent population and large transient population. Interstate 80 travels through the entire length of the county making the Bay Area to the southwest and Tahoe and Reno to the northeast accessible in only a matter of hours. The ease of access to remote areas within a short period of time from Interstate 80 makes Placer County very desirable location for many people to live.

Placer County is among the fastest growing counties in California. Placer County has had a growth rate of approximately 44% over the last ten years. This population growth is expected to continue well into the twenty first century with an estimated 37 % increase to 381,688 residents by the year 2012.

Problems and Trends

The drug of choice in Placer County is methamphetamine. Of the 144 arrests made by the Placer County Special Investigation Unit (SIU) during the calendar year of 2009, 41% were for methamphetamine or methamphetamine related drug offenses. The primary source of methamphetamine in Placer County is the Sacramento City/County area with some of the drug coming from Southern California, and the Yuba/Sutter and Nevada County areas. Over the last year SIU has not seized any methamphetamine labs within Placer County. SIU Agents arrested suspects in Placer County, which led to an operational Meth Lab in San Joaquin County. Information from informants and the suspects we arrested is that it is far easier to buy and sell methamphetamine than it is to make it. However, SIU will continue to vigorously investigate the manufacture of methamphetamine when information about a methamphetamine laboratory is developed. The availability of methamphetamine throughout the county has appeared to remain consistent during the past three years. The price of methamphetamine has spiked. We rarely seize powder methamphetamine and the methamphetamine of choice is crystal methamphetamine. We see minor fluctuations in the price of methamphetamine, which has occurred when arrests are made within the county and source areas. Marijuana is still widely used throughout the drug community and Placer County has provided the rural locations, which drug Trafficking Organizations prefer to conduct their large outdoor commercial growing

operations. Placer County is a Source of Supply for large shipments of marijuana to the east coast. Prescription drug diversion has become increasingly prevalent in Placer County. Oxycontin use is increasing between the 16 and 26 year olds. Oxycontin "OXY" is the new heroin to the upper middle class demographics, which make up most of Placer County. SIU is working with pharmacies and physicians to intercept illegal drug diversion. An 80mg Oxycontin pill sells for \$45 to \$50 dollars in the street making it very profitable for the younger generation to divert prescriptions or steal them to sell. Cocaine and heroin is obtained from the Sacramento area but is infrequently seized by law enforcement in Placer County. There has been some indication of an influx of Hispanic drug traffickers in Placer County. These individuals are trafficking primarily in methamphetamine and marijuana and cocaine. Placer County has not experienced the level of violence associated with drugs that other jurisdictions have encountered. However, there have been instances where victims have been killed or seriously injured over drug transactions.

Placer County is no different than any other community, drug users and traffickers come in all shapes, sizes and colors, male and female, young and old, married and single and many raising children. As a result of the parents and guardians involved in these illegal activities their children have become exposed to a drug environment. This exposure can cause injury, health risk or death and it is believed that many of these children will become drug offenders themselves. Throughout the years Placer County law enforcement has encountered numerous situations where minor children have been exposed to a drug endangered environment. Placer County has a Drug Endangered Children protocol and efforts are made to permanently remove the children from these situations and or remediate the problem or prevent its recurrence.

As indicated above, methamphetamine is the primary drug of choice throughout Placer County and it is the highest priority of the Placer Special Investigation Unit (SIU). The majority of information received by SIU relates to methamphetamine use or trafficking. SIU, therefore, concentrates its efforts on this problem. In addition to the Placer Special Investigation Unit, the Roseville Police Department has a Vice Narcotics Team, which, among other duties, conducts street level drug investigations.

PLAN

Target Area and Target Population:

The primary jurisdictional area of operation for the grant will be the western half of Placer County, roughly from the Gold Run area west to the Sacramento-Sutter County lines. This will encompass the communities and cities of: Applegate, Auburn, Colfax, Foresthill, Gold Run, Granite Bay, Lincoln, Loomis, Meadow Vista, Newcastle, Penryn, Rocklin, Roseville, Sheridan and Weimar.

Our target population will be the street level to middle level narcotics trafficker within the above operational area. Emphasis will be placed on those traffickers that place children in a drug-endangered environment.

Program Description:

1. Project Title: The project will be the Anti-Drug Enforcement Program under the direction of the Placer Law Enforcement Agencies (Steering Committee) and implemented by the Special Investigation Unit (SIU).

2. Program Purpose Area (PPA): Program Purpose Area 2: multi-jurisdictional task force programs that integrate Federal, State and local drug law enforcement agencies and

prosecutors for the purpose of enhancing interagency coordination, intelligence and facilitating multi-jurisdictional investigations.

3. Impact: The activities of the Special Investigation Unit are expected to cause drug traffickers to leave Placer County to conduct their business. This impact has already been evidenced from the enforcement operations, which SIU has been involved with. Suspects rarely want to conduct narcotic transactions in Placer County. They prefer to work to conduct business in Sacramento County where the prosecution is less stringent. It is also expected that traffickers and users who expose children to a drug endangered environment to cease their activities or risk losing custody of their children.

4. Project Design: The Special Investigation Unit is physically located in the City of Rocklin and is comprised of a Bureau of Narcotic Enforcement (BNE) Special Agent Supervisor as the commander, four Deputy Sheriffs from the Placer County Sheriff's Department, one Police Officer each from the Rocklin Police Department, Roseville Police Department, Auburn Police Department and the Placer County Probation Department, one clerical from the Placer County District Attorney's Office and a one quarter time Evidence Custodian from the Sheriff's Office. One Deputy Sheriff Position will be OCJP grant funded. All personnel assigned to SIU report to the SIU commander. The unit's primary duties are drug enforcement throughout Placer County. The agents work in cooperation with the investigators of the law enforcement agencies in this region of the county and the adjoining counties.

5. Roles: The law enforcement and probation components have contributed personnel to SIU who will be responsible for attaining the goals of the project. SIU will work closely with the District Attorney's Office to ensure good investigations and prosecutions and proper sentencing. SIU will also work closely with the Adult, Child and Community Emergency

Services System (ACCESS) in training each other to ensure that parents of drug endangered children acquire a drug free life.

6. Source Documentation: The primary source document for data collection will be SIU Investigation Reports, Probation Department files, District Attorney Files and ACCESS files.

Goals, Objectives, Activities, Performance Measures and Projections

Goal 1: DURING THE GRANT YEAR, REDUCE ILLEGAL ACTIVITIES OF TARGETED OFFENDERS THROUGH LAW ENFORCEMENT, PROSECUTION AND PROBATION EFFORTS.

Objective 1: Conduct special investigations using multijurisdictional drug task force integrating federal/state/local drug enforcement agencies, prosecution, and probation departments into the primary suppliers of illegal drugs in Placer County.

- Activities:
- 1a) Through the use of surveillance, undercover tactics, and informants investigate the illegal activities of street to upper level drug traffickers effecting Placer County.
 - 1b) Work in conjunction The California Department of Justice, Bureau of Narcotic Enforcement, the United States Drug Enforcement Administration, and the Roseville P.D. VNET unit on cases of mutual interest.
 - 1c) Conduct clandestine laboratory investigations.

Performance Measures:

- a) Arrest 100 drug violators. (Output)
- b) Seize 3 clandestine drug laboratories. (Output)

The mandatory output measures of the dollar amount or asset forfeiture received and the number of weapons seized are by-products of this unit's work but are not part of our goals or focus. Marijuana cultivation is the responsibility of the Placer County Marijuana Eradication Team. Although a probation officer is assigned to the unit she does not carry a traditional probation caseload and her duties do not include filing probation revocations.

Objective 2: Increase prison sentences for drug traffickers and drug manufactures within Placer County.

- Activities:
- 2a) Work together with prosecutors to develop highly prosecutable cases.
 - 2b) Work with prosecution and probation to recommend prison sentences for drug traffickers and manufactures.
 - 2c) Provide training for prosecutors on drug enforcement laws and tactics.

Performance Measures:

- a) Have 50 defendants accepted for prosecution. (Output)
- b) Convict 50 defendants of drug violations. (Output)
- c) Sentence 45 drug traffickers and /or manufactures to state prison. (Output)
- d) Training one- (1) deputy district attorneys through the CNOA training conference in drug laws and enforcement tactics. (Output)
- e) Establish baseline data on number of traffickers and manufactures outside Placer County that are direct sources of drugs for Placer County. (Determined by informant information and number of investigations outside Placer County.) (Outcome)

Objective 3: Increase contacts with high-risk probationers.

- Activities:
- 3a) Work with probation to develop and share information on high-risk probationers.
 - 3b) Conduct probation searches of high-risk probationers.
 - 3c) Provide training for the Probation Department in drug use recognition.

Performance Measures:

- a) Conduct 75 searches of high-risk probationers. (Output)
- b) Train 10 probation officers in drug use recognition techniques.
- c) Establish baseline data on number of high-risk probationers who are arrested on new charges. (Outcome)

Goal 2: REDUCE NUMBER OF CHILDREN IN A DRUG ENDANGERED ENVIRONMENT.

Objective 1: Develop liaison with the Adult, Child and Community Emergency Services System (ACCESS)

- Activities:
- 1a) during the grant year, SIU will provide training to ACCESS personnel on drug and user identification and drug enforcement tactics.
 - 1b) during the grant year, ACCESS personnel will provide child abuse training to SIU personnel.

Performance Measures:

- a) Train 10 ACCESS personnel in drug and user identification and drug enforcement tactics. (Output)
- b) Train 7 SIU personnel in child abuse recognition. (Output)
- c) Establish baseline data on number of referrals from ACCESS to SIU concerning drug-endangered children. (Outcome)

Objective 2: Remove children from a drug endangered environment.

- Activities:
- 2a) Conduct investigations in which minor children may be at risk of a drug environment.
 - 2b) Work in cooperation with ACCESS and the DA's office in developing prosecutable cases against parents/guardians who expose minor children to a drug environment.

Performance Measures:

- a) Develop 15 cases with children at risk of a drug environment. (Output)
- b) Remove 20 children from a drug endangered environment. (Output)
- c) Charge 15 adults with child endangerment in addition to drug charges. (Output)
- d) Refer 15 cases of possible child endangerment to ACCESS. (Output)

Budget Narrative

The requested budget is completely dedicated to achieving the goals and objectives of the project. The budget is comprised primarily of the salary and employee benefits for the position assigned to the project. This individual is assigned full-time, directly to the project with no other duties. The operating expenses are related to training the members of the project. Less than 4% of the requested funds are being used for administrative costs. Of the training, four are required by OES: two required training conferences, a regional training and the public meeting. The California Narcotic Officers Association (CNOA) Annual Training Conference is specifically designed for drug enforcement officers and is directly related to the goals and objectives of this project. The courses are many and cover major drug investigations, street enforcement, drug endangered children, clandestine laboratory investigation, etc.

Duty DescriptionDeputy Sheriff

The Deputy Sheriff will be assigned full-time directly to the Special Investigation Unit (SIU) and will conduct investigations into street and upper level drug violators. This will be done through the development of informants, follow-up of patrol activity and follow-up of citizen calls. These investigations will lead to the obtaining of search and arrest warrants which will be served by SIU. The deputy will coordinate the investigative information gained with the assigned Probation Officer and consult with the District Attorney's Office when necessary on on-going investigations. Additionally, the deputy will be a witness and testify in court on those

prosecutions in which he/she is needed. Also, he/she will serve as an expert drug witness for the District Attorney's Office. The deputy will report to the SIU commander.

Duty Description

Auburn Police Department

The Auburn Police Detective will be assigned full-time directly to the Special Investigation Unit (SIU) and will conduct investigations into street and upper level drug violators. This will be done through the development of informants, follow-up of patrol activity and follow-up of citizen calls. These investigations will lead to the obtaining of search and arrest warrants which will be served by SIU. The Police Detective will coordinate the investigative information gained with the assigned Probation Officer and consult with the District Attorney's Office when necessary on on-going investigations. Additionally, the Police Detective will be a witness and testify in court on those prosecutions in which he/she is needed. Also, he/she will serve as an expert drug witness for the District Attorney's Office. The Police Detective will report to the SIU commander.

Operating Expenses

Funds were budgeted for SIU officer's overtime, due to the current economy most allied agencies have eliminated overtime funding for this fiscal year, therefore funds have been allocated for that purpose through this grant. Vehicle fuel and maintenance costs for the Deputy Sheriff will be charged to the ADA Grant along with internet charges and minimal administration costs.

**REPORTING ALIEN CONVICTIONS TO THE
U.S. CITIZENSHIP AND IMMIGRATION SERVICES (USCIS)**

This is to certify that I have read, understand, and agree to abide by the California's Plan to Report Alien Convictions to USCIS. Specifically, I ensure that criminal justice agencies in the city/county will perform the following functions:

- Notify USCIS, at the time of booking, when a suspected alien is arrested, and
- Notify USCIS within 30 days of a felony or deportable misdemeanor conviction of an alien.

Noncompliance with the above mandate may result in the following:

- Temporary withholding of cash payments to the project pending corrections or more severe enforcement action by the California Emergency Management Agency;
- Disallowance of use of funds for all or part of the cost of the project;
- Suspension or termination of the current award for the recipient's program;
- Withholding further awards to California's Anti-Drug Abuse Enforcement Program; or
- Other legal remedies

Project Director: Edward N. Bonner
