The proposed construction will include Stream Environment Zone (SEZ) restoration activities, such as removal of existing fill material, storm water treatment, site grading, and revegetation, and the construction of a bicycle and pedestrian trail which includes sections that are elevated above environmentally sensitive areas. Disturbance of sensitive areas shall be limited to the sixteen (16) foot wide corridor for the construction of the bike path and boardwalk. No access is allowed outside of the sixteen (16) foot wide limits of disturbance shown on the construction drawings.

The project is identified in the Tahoe Regional Planning Agency Environmental Improvement Program (EIP) as Project EIP Nos. 10038, 319, and 649.

Bids were opened on July 25, 2013. Four (4) bids were received. The low responsive and responsible bidder was determined to be Burdick Excavating Co., Inc., of Carson City, Nevada, with a bid of \$1,463,916. Procurement Services concurs with our recommendation of contract award to Burdick Excavating Co., Inc.

**ENVIRONMENTAL**

The County prepared a Mitigated Negative Declaration (MND) pursuant to the requirements of the California Environmental Quality Act (CEQA) and the Placer County Environmental Review Ordinance. The MND (EIAQ - 3350) was approved by the Board of Supervisors on November 15, 2011.

**FISCAL IMPACT**

The project is fully funded through grants from the U.S. Bureau of Reclamation, U.S. Environmental Protection Agency, Sierra Nevada Conservancy, California Abatement Account, Tahoe Regional Planning Agency, North Tahoe Resort Association, and Proposition 84 River Parkways. Funding for the construction of this project is included in the Department's FY 2013-14 Budget.
