Dear Committee Members:

Many people in the Meadow Vista area and beyond have supported the construction of the Meadow Vista Community Center (MVCC) facility. (Please see enclosed photograph.) In an effort to maintain good communications with these supporters and with our whole community, MVCC has periodically published and distributed a newsletter. (Please see the two enclosed past newsletters.)

The "Meadow Vista Community Center News" has varied in length from two pages to eight depending on the MVCC budget and the number of items needed to be included. Because it has been over a year since the last "News" was distributed, MVCC needs to send out a six or eight page newsletter soon to show the construction progress and to inform people of our Fall 07 activities.

To conserve MVCC's cash, spending on only direct construction cost, we respectfully request \$1,000 to cover the bulk of the cost of printing and mailing the Fall, 2007 edition of the "Meadow Vista Community Center News." Thank you for your consideration.

I would like to give you some background on the Meadow Vista Community Center project. With wonderful design and plans from architect Richard Wyatt of Western Sierra Architects of Auburn, ground was broken for the Community Center in July, 2005. The 7,300 square feet, single story building was designed with extensive community input and is located in Meadow Vista Park on land leased (50 years, \$1 per year) from Auburn Area Recreation and Park District (ARD). The exterior of the center is now 99% complete and is weather-tight. Funding has been 100% from donations, grants and interest for a total of \$790,000. In addition, donations of material and labor have totaled \$171,000.

Now the interior work is being started on a pay-as-you-go basis with about \$15,000 in the building fund. With much work to be done on the interior, the grounds and the parking lot improvements required by Placer County, MVCC must conserve cash as much as possible. Therefore, a grant from the District 5 Benefit Fund would greatly benefit our community.

It would be our privilege to give your committee a tour of the project. Just phone Erv. Morgenthal at _____ Bruce or Celia Broadwell at _____

Yours truly,

Bruce Broadwell, Board Member/Corresponding Secretary

Re: District 5 Benefit Fund

Dear Board of Supervisors

I am pleased to present this application for funding from the District 5 benefit fund for the Boys and Girls Club of North Lake Tahoe. The Boys and Girls Club of North Lake Tahoe is a ten year old youth development organization that provides before-, after-school and summer enrichment activities and programs for 800 local youth ages 5-18.

One of our programs—the Teen Employment Program—deserves special attention. It is a year long program for teenage students that teaches and builds skills in career development. Students go through an application process, an interview and if hired, are offered training, guidance and mentoring in an effort to teach them crucial professional skills that will help them throughout their lives.

Teen Employees are great role models for all youth in the community, and now young Club members aspire to become a part of this program. The community also benefits because these teens, upon graduation, have experience, skills and knowledge necessary to become successful professionals in work, school and in life.

Attached is an article recently published in our local paper referring to one of our Teen Employees, who has been a Club member since age 6. If you require any additional information regarding this important community program, please contact me at _____.

Thank you for your consideration.

Best wishes,

Stephany Arroyo
