

MEMORANDUM
OFFICE OF THE
COUNTY EXECUTIVE
COUNTY OF PLACER

TO: Honorable Board of Supervisors
FROM: Thomas M. Miller, County Executive Officer
By Linda Oakman, Administrative and Fiscal Operations Manager
DATE: November 6, 2007
SUBJECT: Capital Facilities Impact Fee Annual Report

ACTION REQUESTED

Approve a resolution accepting the Placer County Capital Facilities Impact Fee Annual Report for fiscal year 2006-07.

BACKGROUND

The Capital Facilities Impact Fee was adopted in the unincorporated area on October 15, 1996, to mitigate the impacts of new development on County capital facilities. The fee was implemented at 50% beginning on February 1, 1997, and the full fee went into effect on January 1, 1998. Subsequently, the cities of Roseville, Rocklin, Lincoln, Auburn, and the Town of Loomis implemented collection in the incorporated areas. On January 23, 2007 your board adopted an increase in the fees to pay for animal services facilities required due to growth. This fee is now being collected in the unincorporated area of the County and is included in the fee schedule attached.

The County Public Facilities Fee Ordinance (Chapter 15 of the County Code) and state law call for annual review of the fee program and a report identifying the balance of fees in the public facilities accounts, fees unexpended or uncommitted in the account for more than five years, the facilities constructed, and other pertinent information relative to the fee program. The ordinance calls for review of the report at a regularly scheduled public meeting not less than 15 days after the report has been made available for public review.

Placer County has worked with the cities to implement the Capital Facilities Impact Fee in each jurisdiction. Every effort has been made to maintain equitable application of the Fee. The County has granted no waivers during the past year. The implementing ordinance provides for no exceptions except under very specific, limited, circumstances.

As provided for in County Code section 15.30.090(B), the fee schedule is automatically adjusted, annually, by a cost of living increase. The cost of living adjustment for 2007-08 is 3.1% and is effective October 1, 2007, the updated fee schedule is included with this report. The total amount of fees collected and interest earned during FY 2006-07 was \$10,242,105. The fund's ending balance as of June 30, 2007 was \$59,082,957. There are no uncommitted funds remaining in the accounts for five years or more. The balance in the fund is committed for payments on facilities already constructed, facilities under construction, and future planned facilities.

FISCAL IMPACT

There is no fiscal impact associated with the acceptance of this report.

CAPITAL FACILITIES IMPACT FEE PROGRAM ANNUAL REPORT

FISCAL YEAR 2006-07

**SUBMITTED BY:
THE COUNTY EXECUTIVE OFFICE
NOVEMBER 6, 2007**

Placer County
CAPITAL FACILITIES IMPACT FEE PROGRAM
Annual Report

Submitted by
The Placer County Executive Office

2007

The Capital Facilities Impact Fee was adopted in the unincorporated area on October 15, 1996, to mitigate the impacts of new development on county capital facilities. The fee was implemented at 50% beginning on February 1, 1997, and the full fee went into effect on January 1, 1998. Adoption of the fee by the cities of Rocklin and Roseville became effective July 2000, the City of Lincoln effective April 25, 2001, the Town of Loomis, effective March 10, 2001, and the City of Auburn effective January 28, 2002, with fee collection at 100% for residential development. Fee collection for non-residential development in each of these cities commenced at 50% effective January 1, 2002, increasing to 100% effective January 1, 2004. However, collection of fees at 100% for residential and non-residential development from the city of Lincoln in the annexed areas began October 1, 1999.

The ordinance and resolution implementing the fee program call for annual review of the fee program and reports from the County Executive Office and the Office of the Auditor-Controller identifying the balance of fees in the public facilities accounts, fees remaining unexpended or uncommitted in the account for more than five years, the facilities constructed and the capital facilities to be constructed. In addition, Government Code 66006 (b) requires that within 180 days after the last day of the fiscal year the county will make certain information for the prior fiscal year available to the public. Consistent with the government code, this report was made available to the public 15 days in advance of this meeting. The following is submitted to the Board of Supervisors relative to these requirements.

A. The type of fee in the account or fund:

The impact fee is used only for expansion of facilities to accommodate growth, not for operating or maintenance costs. Revenues are used to maintain per capita facility standards for general government, libraries, public protection, health and human services, sheriff's patrol and investigation and animal services.¹

Facilities to be funded under the fee program include expansion and construction of office space, libraries, adult and juvenile detention facilities, clinics and laboratory space, social service facilities, communications/dispatch equipment, warehouse, animal services facilities, vehicles and related furnishings and equipment.

B. Fees Charged

The fee schedule for fiscal year 2007-2008 includes the animal services fee in the unincorporated area and reflects an automatic increase of 3.1% based on the change in the

Total Collected during Fiscal Year:	\$7,501,566
Interest Earned:	\$2,740,539

E. Identification of public improvements on which the fees were expended and percentage of the cost of the public improvement that was funded with fees:

A total of **\$2,712,616** was committed to provide for a 32% share of the cost of construction of the new Juvenile Detention Facility completed in fiscal year 1999/2000. Payments are to be made over a period of nine years ending with fiscal year 2007-08. A payment in the amount of \$301,402 was made for the juvenile hall during fiscal year 2006-2007.

During fiscal year 2006-2007, **\$155,000** was expended for the Loomis Library, representing 27% of the estimated project cost; **\$14,221** was expended for the Colfax Library representing 1% of the project and **\$1,116,626** was expended for the Children's Emergency Shelter, representing 8% of the estimated cost of the project.

Please refer to Attachment B, Expenditure Summary, for a history of prior fund expenditures.

F. Identification of an approximate date by which the construction of the improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement:

N/A

G. A description of each inter fund transfer or loan made

There have been no inter fund transfers or loans from these funds.

H. Amount of refunds made pursuant Section 66001 subdivisions (e) and (f):

There were no refunds made pursuant to Section 66001 during the fiscal year 2006-2007.

I. Portion of fee remaining unexpended/uncommitted in fee account for 5 or more years

Placer County began collecting a portion of the fee on February 1, 1997 and the full fee amount on January 1, 1998. There are no funds in the Capital Impact Facilities Fee account that have been unexpended or uncommitted for 5 or more years. The Capital Facilities Financing Plan identifies the facilities to be constructed over the next decade and the uses of the capital facilities impact fees.

J. Balance of fees in Capital Facilities Impact Fee Account

As of September 30, 2007, the balance of the Capital Facilities Impact Fee Account was \$61,199,110. There were no expenditures from the account between the period July 1, 2007 and September 30, 2007.

K. Facilities to be constructed:

Capital facilities impact fees are used to construct a range of facilities including jails, office space, health labs, clinics etc. Specific facility needs by function and facility type due to growth are outlined in the 1994 study *County Facilities Needed to Serve Growth prepared by Recht Hausrath & Associates*. A list of the specific facilities to be constructed is included in the Capital Facilities Financing Plan.

It should be noted that only a portion of the facilities identified in the Capital Facilities Financing Plan will be funded with Capital Facility Impact Fees. The amount to be funded by fees will depend upon overall funding available, the portion of the facility that will be needed due to growth and the total cost for construction of the facility.

L. Review of administrative charge

The cities levy a nominal charge of 2.5% for administration of the capital facilities impact fee program. This amount covers the cost for collection of the fee, accounting for and reporting the collections to the County, and administrative duties. The County does not charge an administrative fee.

{NOTE: As required by the Government Code, this information was made available to the public by posting of a copy of this Report. In addition, notification of the availability of the report was provided to anyone who had an information request on file with the Clerk of the Board.}
