About FieldHaven Feline Rescue

Our mission at FieldHaven Feline Rescue is to educate the community on responsible pet ownership and to provide a safe haven for cats in transition to new lives and homes. FieldHaven, a private, non-profit organization, is continually challenged to develop new, and creatively expand, existing programs to better serve our community. Here is a sampling of some of the services and programs we offer.

- Provide education to the community on responsible pet ownership
- Rescue and protect abandoned and unwanted cats at our shelter, through our Foster Home Program and rehome through our Adoption Program
- Provide medical care to rescued cat and kittens
- Implement an effective community Spay and Neuter Assistance Program (SNAP) to reduce the number of unwanted litters
- Assist community members with Trap-Neuter-Release (TNR) and the management of feral colonies

Most importantly, all proceeds from the Inaugural Classics, Cats and Cabarets benefit will go toward the replacement of our current shelter. The current structure does not meet the basic requirements of a shelter for many reasons, and most critically, a shelter occupancy permit will not be granted until the structure is replaced. FieldHaven has engaged the assistance of Kate Hurley DVM, Director of the world renowned Karel Shelter Medicine Program at UC Davis to design a shelter to meet our needs as economically as possible and, quite possibly, will be a model for similar shelters to emulate.

With the leadership of its co-founder, a committed and hard-working board, FieldHaven Feline Rescue has grown from a committed group of volunteers with a love of cats, to an organization that takes seriously its responsibility in caring for the animals in a rapidly growing and changing community.
