PLACER COUNTY HEALTH AND HUMAN SERVICES
Environmental Health Division

TO: Honorable Board of Supervisors

FROM: Richard J. Burton, M.D., M.P.H.
Placer County Health Officer and Director of Health & Human Services
Jill Pahl, R.E.H.S., Director of Environmental Health Division

DATE: September 8, 2009

SUBJECT: Adopt the attached Resolution continue to ratify the Proclamation of a Local Health Emergency

ACTION REQUESTED:

Adopt the attached resolution continuing to ratify the Proclamation of a Local Health Emergency made by the County Health Officer on September 1, 2009.

BACKGROUND:

The California Health and Safety Code provides emergency authority to Local Health Officers when public health and safety are at risk. This emergency authority may be declared in the event of a fire or other disaster, when hazardous waste is an imminent threat to the public health and safety. The emergency authority exists while the Board of Supervisors is not in session and must be ratified by the Board within seven days. Once initially ratified by the Board, the Local Health Emergency Proclamation must be reaffirmed every 14 days until the public health and safety are no longer at imminent risk.

Due to the severe public health and safety risk related to the "49 Fire" that impacted North Auburn on August 30, 2009, Doctor Richard Burton, the Placer County Health Officer, declared a Local Health Emergency on September 1, 2009.

On September 2, 2009, at a noticed special meeting, your Board originally ratified by Resolution the Local Health Emergency proclamation. State law and local ordinance requires your Board to ratify and continue with the proclamation until circumstances dictate otherwise.

FISCAL IMPACT:

There is no impact to the County General Fund as a result of this action.
