Hello,

AMIH seeks to provide more than housing, our sole focus is to provide homes that help heal. Through our unique partnership with Placer County's Adult System of Care, we are able to provide our participants with a package of support services such as counseling, independent living skills and, most importantly, a chance to regain a sense of hope and normalcy in their lives.

A few of this year's highlights include:

- We have provided safe, comfortable, secure homes to over 80 mentally ill people.
- We are in the preliminary stages of developing an exclusive housing program for returning Veterans. With our collaborating partners from Veterans Affairs, Sierra College's Veterans Student Alliance, Gold Country Chaplaincy, California Statewide Collaborative for our Military, and Golden Sierra One Stop we are geared up to launch a specialized program for those who have served our country and are returning home seeking support and a safe haven from "the invisible wounds of war".
- We have collaborated with the Gathering Inn and Sutter Hospitals for the Interim Care Program serving homeless adults released from inpatient care and emergency rooms providing them an environment of respite and care.
- In recognition of "May is Mental Health Month" we held a series of "learning lunches" throughout Placer County with a stigma panel that included law enforcement, veteran's affairs officers, faith community representatives, and clinical professionals in the field of mental health treatment.
- We have had the opportunity to develop a new website, www.amihousing.org, for our community, clients and anyone who is seeking resources to help the mentally ill.
- With the cooperation of Placer County Adult System of Care Housing Collaborative, under the Mental Health Services Act, we have purchased our second home in Auburn providing permanent housing for those with a mental illness.
- We have also had the pleasure of working with HomeAid on a landscaping project for our home in Rocklin and celebrated completion with our community officials: Mayor Peter Hill, Supervisor Jim Holmes, and representatives from Assemblyman Ted Gaines's office.
