### **Mitigation Monitoring Program – Revised Mitigated Negative Declaration PLUS # PMPA 20080493 for St. Joseph Marelo Church**

Section 21081.6 of the Public Resources Code requires all public agencies to establish monitoring or reporting procedures for mitigation measures adopted as a condition of project approval in order to mitigate or avoid significant effects on the environment. Monitoring of such mitigation measures may extend through project permitting, construction, and project operations, as necessary.

Said monitoring shall be accomplished by the county's standard mitigation monitoring program and/or a project specific mitigation reporting program as defined in Placer County Code Chapter 18.28, Mitigation Monitoring and Reporting Program.

#### **Standard Mitigation Monitoring Program (pre project implementation):**

The following mitigation monitoring program (and following project specific reporting plan, when required) shall be utilized by Placer County to implement Public Resources Code Section 21081.6. Mitigation measures adopted for discretionary projects must be included as conditions of approval for that project. Compliance with conditions of approval is monitored by the county through a variety of permit processes as described below. The issuance of any of these permits or county actions which must be preceded by a verification that certain conditions of approval/mitigation measures have been met, shall serve as the required monitoring of those condition of approval/mitigation measures. These actions include development review committee approval, improvement plan approval, improvement construction inspection, encroachment permit, recordation of a Minor Boundary Line Adjustment, acceptance of improvements as complete, building permit approval, and/or certification of occupancy.

The following mitigation measures, identified in the Revised Mitigated Negative Declaration, have been adopted as conditions of approval on the project's discretionary permit and will be monitored according to the above Standard Mitigation Monitoring Program verification process:

Mitigation Measures #'s II.2, III.1, III.2, III.3, III.4, III.5, III.6, III.7, III.8, III.9, III.10, III.11, III.12, III.13, III.14, III.15, III.16, III.17, III.18, III.19, III.20, IV.1, IV.2, IV.3, IV.4, IV.5, VI.1, VI.2, VI.3,4,5, VI.6, VI.7, VIII.1, VIII.2, VIII.3, VIII.4, VIII.5, VIII.7, VIII.12, IX.1, XV.1, XV.2, XV.3, XV.4, XV.5, XV.6, XV.7, XV.8, XVI.5.

#### **Project Specific Reporting Plan (post project implementation):**

The reporting plan component is intended to provide for on-going monitoring after project construction to ensure mitigation measures remain effective for a designated period of time. Said reporting plans shall contain all components identified in Chapter 18.28.050 of the County code, Environmental Review Ordinance- "Contents of project specific reporting plan."

The reporting plan has been adopted for this project and is included as conditions of approval on the discretionary permit.
