The Board of Supervisors is being asked to approve appropriations to help support the Rock Creek Elementary School kindergarten class of Mrs. Lopez King. At the end of the school year for the past sixteen years Mrs. Lopez King has taken her kindergarten class on an educational field trip to the County Library to obtain their first library card. Due to budget cuts and the state of the economy Mrs. Lopez King is requesting assistance for the required bus transportation for the children. The funds designated will offset transportation costs.

FISCAL IMPACT

Funds are available in the Revenue Sharing budget.

Dear Mr. Holmes,

I am a kindergarten teacher at Rock creek Elementary School and my name is Rebecca Lopez King.

I am writhing to you for some help or assistance. With all the recent budget cuts and the state of the economy I am at a loss of how to generate funds to take my students on an end of the year field trip to the County Library to get their library cards. I consider this a rite of passage since they are by this time new readers!!

You see this is a trip I have done every year for the past 16 years. The bus (Auburn Transit costs about \$78.00 for transportation only).

Since my students are able to read at the end of the year I get all documents signed returned and we take our library tour, they get their 1st library card, they can then check out books and hopefully they will then read all summer long.

We then have lunch in the park and walk to Foster Freeze to celebrate with a small dipped cone! This the fun part because many of my students don't know how to eat a dipped cone so we then have a lesson on how to eat this new dessert.

It's a very educational day for my students and they come home with books to read.

I know you're a very busy man but if you could please help us out with this educational trip it would be greatly appreciated by 24 little new readers.

Thank you for your time in this matter.

Respectfully,

Mrs. Lopez King
