ACTION REQUESTED

Approve the appointment of Calvin Walstad to Seat 8 representing Families at Risk.

BACKGROUND

The purpose of the First 5 Placer County Children and Families Commission is to ensure that appropriate early childhood development information, programs, and results-driven services are continuously available for children prenatal to five years of age and their families. As mandated by law, the Commission focuses on children prenatal to five years of age because those are the years in which a child's brain develops most rapidly. The First 5 Placer Children and Families Commission is a public entity legally separate and apart from the County. The Commission contracts with the County Health and Human Services Department for staff support and is considered a component unit of the County due to this operational relationship between the Commission and the County. The Commission is composed of nine members each serving three-year terms. The Commission meets the second Thursday of each month at 11820 Enterprise Drive, Auburn.
