## ACTION REQUESTED / RECOMMENDATION

The Board is requested to continue this item to the November 8, 2011 Board of Supervisors meeting, at 9:30 am.

## BACKGROUND

Originally scheduled for this date was a request for your Board to consider a Resolution of Intention to consider the dissolution of County Service Area 28, Zone of Benefit 152 in the Chelshire Downs North subdivision. The dissolution process prescribed by state law requires that two public hearings be held within a specified time range. A recent change in the scheduling of future Board of Supervisors meetings necessitates a continuation of this item in order to comply with Government Code requirements for public noticing and the timing of Board actions relating to this matter.
