

requesting that the Board award the contract to the lowest responsible and responsive bidder and execute the contract.

ENVIRONMENTAL

The Board of Supervisors certified and approved the Final Environmental Impact Report with findings on June 22, 2004.

FISCAL IMPACT

The Engineer's Estimate for cost of construction was \$7,730,000. The total estimated construction cost of the Auburn Folsom Road Widening North Phase Project is \$5,643,196 per the lowest responsive and responsible bid; approximately \$1,040,000 will be reimbursed by San Juan Water District for the costs related to their water line improvements. The North Phase construction is partially funded by the State Local Partnership Program of the State Proposition 1B grant program (\$1,000,000) with the remainder funded by the Countywide Traffic Mitigation Fees and South Placer Regional Transportation Authority (SPRTA) fees (\$4,200,000) with no net county cost. The Auburn Folsom Widening Project is programmed to receive \$8M from SPRTA, and the Placer County Board of Supervisors adopted a resolution on February 28, 2012 to advance up to \$7.7M in Countywide Impact Fee fund balance to augment Granite Bay Fee District Funds to leverage fee program revenue during a time of historically low prices. The department has budgeted for this contract and funding is available in the FY 2013-14 and the anticipated FY 2014-15 budgets.
