MEMORANDUM
OFFICE OF THE
COUNTY EXECUTIVE OFFICE
COUNTY OF PLACER

TO: Honorable Board of Supervisors

FROM: Joel Joyce, Management Analyst

DATE: September 24, 2013

SUBJECT: New Salary and Schedule Specification Request – Agriculture/Weights & Measures

Approved

SEP 24 2013

Placer County
Board of Supervisors

ACTION REQUESTED:

Introduction of an un-codified ordinance to create salary grade and schedule for supervising agricultural and standards inspector, Grade GNRL 109 (\$4,926-\$5,988 monthly).

BACKGROUND:

The Agricultural Commissioner/Sealer of Weights and Measures is reclassifying a Senior Agricultural and Standards Inspector into a new classification, Supervising Agricultural and Standards Inspector. This classification change was presented to the Board in August 2012 with the marginal net cost increase of \$11,700 included in the FY 2013/14 Proposed and Final Budget. This action supports the department's efforts to structure the organization well in anticipation of retirement of several experienced, well-qualified senior-level, Agricultural and Standards Inspectors in the near future.

On May 13, 2013, the Civil Service Commission approved the recommended salary of GNRL 109. This salary level takes into account the external salary comparison of agencies with similar classifications and internal salary relationships. The recommended salary for the supervising agricultural and standards inspector classification is 10.26% above that of a senior agricultural and standards inspector which is appropriate for first-line supervision and consistent with the County Classification Plan. The recommended salary is 24.58% below the deputy agricultural commission/sealer. It has been determined there are no compaction considerations for this recommended salary within the classification series and management staff.

FISCAL IMPACT:

The funding for this position is included in the departments FY 2013/14 Final budget. There is no new net county cost.
