As a result of KidsFirst's Anniversary Event, the community benefits through increased awareness of child abuse prevention programs and services. As the community is more aware of services, more families are referred to support groups, etc. By families gaining parenting skills and knowledge of child development through these services, families increase resilience and are better prepared to face challenges in a positive way.

Briefly describe how funding will be utilized by listing what items will be purchased:

The needs of KidsFirst vary. While we offer services at low or no cost, the services we provide may in fact have cost associated.
