

MEMORANDUM
DEPARTMENT OF PUBLIC WORKS
AND FACILITIES
ENGINEERING DIVISION
County of Placer

TO: Board of Supervisors

DATE: April 19, 2016

FROM: Ken Grehm, Director of Public Works and Facilities
By: Peter Kraatz, Assistant Director of Public Works

SUBJECT: Engineering / Contract for Right of Way Services / Gold Hill Road Bridge Project

ACTION REQUESTED

Adopt a Resolution to approve a contract with Dokken Engineering for Right of Way Services in the amount of \$64,975 for the Gold Hill Road Bridge Replacement Project (Contract No. 000944) and authorize the Director of Public Works and Facilities, or designee, to sign and execute subsequent contract amendments up to ten percent (\$6,498) of the contract amount.

BACKGROUND

The Department of Public Works and Facilities is proposing to replace the existing bridge on Gold Hill Road over Auburn Ravine under the Federal Highway Bridge Program (HBP). The existing bridge was built in 1930 and is structurally deficient. It is also functionally obsolete because of the narrow roadway approach geometry. The proposed project will design the bridge and roadway approaches to current structural, geometric, and hydraulic guidelines.

Nineteen easements from ten property owners will be required for the construction of the new bridge and roadway approaches. Proposals were solicited from Right of Way acquisition firms on the County's preapproved list, and Dokken Engineer was the low qualified bidder.

Construction is scheduled for the summer of 2018.

ENVIRONMENTAL IMPACT

The Consultant Services Agreement is exempt from CEQA pursuant to CEQA guidelines, Section 15306.

FISCAL IMPACT

The total cost of this contract is \$64,975, without contingency. The project is fully funded through the Federal Highway Bridge Program (100 percent). There are adequate funds available in the Department's FY 2015-2016 final budget, Gold Hill Road Bridge Replacement Project (PC2973).
