TO: Board of Supervisors

DATE: April 19, 2016

FROM: Ken Grehm, Director of Public Works and Facilities

SUBJECT: Transportation Planning / Certification of Maintained Mileage

---

**ACTION REQUESTED**

Adopt a Resolution certifying the Maintained Mileage Records which results in a new total County maintained mileage of 1,046.106 miles.

**BACKGROUND**

Section 2121 of the Streets and Highways Code requires that each year, the County submit to the Department of Transportation an update of the County Maintained Mileage Records.

The current total mileage of County maintained roads is 1,045.686 miles. The acceptance and abandonment of County roads resulted in an increase of 0.42 miles to the system, resulting in a new total mileage of 1,046.106 of County maintained roads.

**ENVIRONMENTAL IMPACT**

The action is categorically exempt from CEQA per Section 15301c, Operation of an Existing Highway.

**FISCAL IMPACT**

The miles of maintained roads are a factor in some road fund revenue calculations. An increase of 0.42 miles is not a significant change.
