

**M E M O R A N D U M**  
**PUBLIC WORKS AND FACILITIES**  
**TRANSPORTATION DIVISION**  
County of Placer

TO: Board of Supervisors

DATE: June 21, 2016

FROM: Ken Grehm, Director of Public Works and Facilities

SUBJECT: Transportation / Approval / Potential Transportation Sales / Tax Draft Expenditure Plan

---

**ACTION REQUESTED**

Adopt a Resolution approving the Placer County Transportation Planning Agency's Draft Expenditure Plan for a proposed Transportation Improvement Plan and Retail Transaction and Use Tax Ordinance.

**BACKGROUND**

Transportation infrastructure improvements are required in the region to accommodate the growing needs of our population and economy. Currently, the County relies on the gasoline tax and Federal and State funding to construct transportation infrastructure. We also have a developer paid traffic impact fee program that ensures new development pays their fair share of the future transportation network. The Placer County Transportation Planning Agency (PCTPA) estimates that 3.5 billion dollars will be needed over 30-years to fund the highest priority transportation projects in the County. PCTPA anticipates 1.4 billion dollars to be generated through the gasoline tax and other Federal, State and local funds. If approved by the voters, a half-cent Transportation Sales Tax would generate 1.6 billion dollars over 30-years. PCTPA expects the remaining \$500 million needed to complete the 3.5 billion dollars in needed improvements would be discretionary funds attracted by the Transportation Sales Tax revenue as matching funds.

About 85 percent of California's population lives in counties that have a Transportation Sale Tax. Placer County is one of the largest counties that does not have such a tax in place to fund transportation improvements. Knowing the shortfall and lack of identified funding sources, PCTPA has explored over the past two years the feasibility of the 30 year, half cent sales tax. They conducted numerous public meetings and extensive polling, and worked closely with all of the jurisdictions to develop a plan that meets the needs of the local jurisdictions, as well as, the citizens of the County. The Expenditure Plan (Plan) is (attached as Exhibit A to the Resolution) contains major projects and programs that would provide great benefit to our regional transportation network and to County residents. Major projects include improvements to

- Interstate 80/State Route 65 Interchange
- I80 Interchange Improvements at State Route 174, Rocklin Road and Horseshoe Bar Road
- State Route 49 Improvements
- Widening of Baseline Road
- Placer Parkway

In addition the Local Transportation Program, which comprises 30% of revenues, provides revenues to the local agencies to maintain and rehabilitate local roads and streets. Within the unincorporated area, 50% of this fund would be used in our rural area roads. The proposed Tahoe Area Program, which comprises 3% of the revenues, recognizes the unique nature of the Tahoe Region and insures that the Tahoe area receives a fair share of proposed improvements and/or services. The Transportation Expenditure Plan provides an estimated \$48 million in the Tahoe Region of Placer County for

- Improvements and expansion of the bicycle and pedestrian trail system
- Improve and expand transit service

- Local road maintenance and rehabilitation
- Safety improvements at major intersections and roadways

It is estimated that the County would receive 6.25 million dollars annually for the Local Transportation Program and 1.6 million dollars annually for the Tahoe Area Program.

The Draft Expenditure Plan has been approved by all the incorporated cities and towns within Placer County in recent Councils' actions. The Board of Supervisors is asked to approve the Draft Expenditure Plan as part of today's action

The process for consideration of a Transportation Sales Tax initiative is as follows:

1. The Draft Expenditure Plan needs to be approved by 1) the city or town councils representing both a majority of the cities or towns in Placer County and representing a majority of the population residing in the incorporated areas within Placer County; and 2) the Board of Supervisors.
2. PCTPA Board of Directors considers adoption of the transportation sales tax ordinance and expenditure plan and forwards it to the Board of Supervisors. The Ordinance would only go into effect if enacted by a 2/3 majority of the countywide electorate.
3. The Board of Supervisors acts to place the Ordinance on the ballot. The County does not adopt the Ordinance.
4. The Ordinance would be placed before the voters at the next election which would likely be in November 2016

If the Transportation Sales Tax Ordinance passes, some key components are:

- 1) 100 percent of the funds would stay in Placer County,
- 2) The money can only be used for the projects listed in the Draft Expenditure Plan,
- 3) Improvements could be constructed sooner than they may otherwise would have been constructed, and
- 4) An oversight committee would ensure compliance with the Ordinance.

The action being requested is to adopt a Resolution approving the Draft Transportation Sales Tax Expenditure Plan prepared by the PCTPA. Your Board is only being asked to approve the Draft Expenditure Plan. Approval of any sales tax can only be accomplished by a public vote.

### **ENVIRONMENTAL IMPACT**

No environmental review is required for this action and individual projects funded by the tax would undergo their individual environmental review as required by law.

### **FISCAL IMPACT**

There is no fiscal impact to the County in approval of the Draft Expenditure Plan. A potential Transportation Tax approved by the voters would provide an estimated 1.6 billion dollars over 30 years for transportation improvements within Placer County.

### **ATTACHMENTS**

Resolution w/ Exhibit A

**Before the Board of Supervisors  
County of Placer, State of California**

In the matter of: Adopt a Resolution approving the Draft Transportation Sales Tax Expenditure Plan prepared by the Placer County Transportation Planning Agency

Resolution No: \_\_\_\_\_

The following Resolution was duly passed by the Board of Supervisors of the County of Placer at a regular meeting held \_\_\_\_\_, by the following vote on roll call:

Ayes:

Noes:

Absent:

Signed and approved by me after its passage.

\_\_\_\_\_  
Chair, Board of Supervisors

Attest:

\_\_\_\_\_  
Clerk of said Board

WHEREAS, In 2006, the Placer County Board of Supervisors designated the Placer County Transportation Planning Agency (PCTPA) as the Local Transportation Authority, in anticipation of placing a potential sales tax measure on the ballot in 2008. Given the economic downturn, however, the exploration of a potential sales tax measure was put on hold.

WHEREAS, This effort has resumed at this time to generate revenue to allow the region to maintain, repair, and expand existing roadways and improvements, and to prevent the County's existing infrastructure from falling into disrepair in the future.

WHEREAS, Competition for State and Federal highway funds is increasing as available funding decreases. Projects in regions of the State that have a local sales and use tax, which can be utilized as matching funds for State and Federal funds, have been and will

continue to be more successful in securing such State and Federal funds for improvements.

WHEREAS, The proposed Expenditure Plan (attached as Exhibit A) was formulated with a broad spectrum of countywide public input over the course of the three years, and both the Expenditure Plan and Ordinance have been reviewed by legal counsel for each jurisdiction in the County.

WHEREAS, The Expenditure Plan will impose a one-half of one percent (0.5%) retail transactions and use tax for transportation improvements to meet the County's transportation needs, including major highway and road projects, local road maintenance and transportation improvement projects, rail and transit projects (including services for the elderly and disabled), bicycle and pedestrian projects, and other unanticipated but needed improvements.

WHEREAS, The Expenditure Plan and Ordinance also provide for the formation of an Independent Citizen Oversight Committee which will review the independent annual fiscal audit of the expenditure of the Transportation Tax funds, and will issue an annual report on its findings regarding compliance with the Expenditure Plan and the requirements of the Ordinance.

WHEREAS, Before PCTPA, acting as the Local Transportation Authority, can consider adopting the Proposed Ordinance, the proposed Expenditure Plan must be approved by the Board of Supervisors and the City and Town Councils representing both a majority of the cities and towns in the County, and a majority of the population residing in the incorporated areas of the County.

WHEREAS, If the Expenditure Plan is approved by the Board of Supervisors and the City and Town Councils representing both a majority of the cities and towns in the County, and a majority of the population residing in the incorporated areas of the County, PCTPA, acting as the Local Transportation Authority, will consider adopting the Ordinance at its June 22<sup>nd</sup> meeting.

WHEREAS, Following adoption of the Ordinance, the Board of Supervisors will be asked to place the Ordinance on the November 2016 ballot. The deadline for placing the proposed Ordinance on the ballot is August 12, 2016.

WHEREAS, The Expenditure Plan is not a project within the meaning of the California Environmental Quality Act (CEQA), and is therefore exempt from CEQA review. Prior to the commencement of any project included in the Expenditure Plan, any necessary environmental review required by CEQA shall be completed.

BE IT RESOLVED, by the Board of Supervisors, County of Placer, State of California, The Expenditure Plan, attached hereto as Exhibit A and incorporated herein by this reference, is hereby approved.

Exhibit A

**EXPENDITURE PLAN  
EXHIBIT A TO  
ORDINANCE NO. 16-001**

**Placer County  
Transportation Improvement Plan**

This TRANSPORTATION IMPROVEMENT PLAN, which shall act as the County's Expenditure Plan (the "Plan"), was prepared by the Placer County Local Transportation Authority (the "Authority") for the purpose of establishing a one-half of one percent (0.5%) retail transactions and use tax for transportation purposes (the "Transportation Tax") to be collected for thirty (30) years, if approved by the voters on November 8, 2016. This is proposed by the Authority as a means to fill the shortfall in funding needed to: implement necessary highway, rail, and transit projects; secure new transportation corridors through environmental clearance and right of way purchases; provide adequate maintenance and improvements on the local street and road system; promote economic growth throughout the County; and meet the needs of commuters and the specialized needs of the growing senior and disabled population.

**CHAPTER 1: GOALS AND OBJECTIVES**

**1.1 MAINTAIN AND IMPROVE THE QUALITY OF LIFE IN PLACER COUNTY BY SUPPLEMENTING EXISTING FUNDS FOR TRANSPORTATION**

Reduce current congestion and provide adequate transportation facilities to accommodate reasonable growth in the future.

Provide funding for the adequate maintenance and improvement of local streets and roads in the cities, town, and unincorporated areas.

Enhance Placer County's ability to secure state and federal funding for transportation by offering local matching funds.

**1.2 PROVIDE FOR ACCOUNTABILITY IN THE EXPENDITURE OF TAXPAYER FUNDS**

Provide for mandatory dedication of Transportation Tax funds only for the transportation improvements and programs identified in this Plan and no other purpose.

Provide for a mandatory, annual financial audit of program expenditures to insure

that all funds are spent in accordance with this voter adopted Plan and associated legal ordinance.

Provide for an independent Citizen Oversight Committee to review the mandatory annual financial audits of program expenditures and to produce an annual report of findings to the Board and the public.

Provide for a Maintenance of Effort requirement in funds made available to city, town, and County governments for local street and road programs to insure the new money for this purpose is adding to current funding levels.

Provide for the strict limitation of administrative staff costs in implementing this Plan, by limiting, in law, funds expended for salaries and benefits to no more than one percent (1%) of the annual amount of revenues raised by the Transportation Tax as provided in Section X of the Ordinance, net of the amount of fees paid to the State Board of Equalization for collection of the sales tax.

Provide for this Plan to be reviewed at least every ten (10) years for the period it is in effect to ensure that the changing needs and priorities of the jurisdictions are met, as provided in Section XIII of the Ordinance.

Provide for the mandatory termination of the Transportation Tax in thirty (30) years from the operative date, requiring additional voter approval at a County general election for any extension.

### **1.3 PROVIDE FOR EQUITY IN THE DISTRIBUTION OF TRANSPORTATION TAX REVENUES**

Address the unique needs of each of the areas of the County.

Provide a reasonable balance between competing highway, rail, transit, bicycle/pedestrian, and local streets and road needs.

Return to the Tahoe Area a proportional share of the Transportation Tax generated in that area.

### **1.4 PROVIDE FOR LOCAL CONTROL OF THE TRANSPORTATION IMPROVEMENT PLAN**

Provide for cost effective, local administration of the Plan through the existing Placer County Transportation Planning Authority. No new agency would be required to administer these funds.

Delegate appropriate administrative responsibility to the cities, town, and the County and other local agencies designated by a city, town, the County, or the Authority for local programs.

## **CHAPTER 2: TAXPAYER ACCOUNTABILITY SAFEGUARDS**

### **2.1 LEGAL DEDICATION OF FUNDS**

Funds generated by the Transportation Tax, net of the amount of fees paid to the State Board of Equalization, may only be used for transportation purposes as described in the Ordinance governing this Plan, including the acquisition, construction, environmental mitigation, maintenance, and operation of streets, roads, highways, including state highways and public transit systems and equipment, and for related transportation purposes. These purposes include but are not limited to expenditures for planning, environmental reviews, engineering and design costs, related right-of-way acquisition, and construction, engineering, project management, and administration.

### **2.2 MANDATORY ANNUAL FISCAL AUDIT**

No less than annually, the Authority shall conduct an independent fiscal audit of the expenditure of all funds generated by the Transportation Tax. The audit, which shall be made available to the public, shall report on evidence that the expenditure of funds is in accordance with this Plan as adopted by the voters in approving the Ordinance on November 8, 2016. In addition, the audit shall determine compliance with the Maintenance of Effort requirements and requirements described in Section 3.3 of this Plan entitled "Local Transportation Programs." The audit shall also ensure that no more than one percent (1%) of the annual amount of Transportation Tax is used for administrative staff salaries and benefits in implementing this Plan, as required under Section X of the Ordinance.

### **2.3 INDEPENDENT CITIZEN OVERSIGHT COMMITTEE**

An eight (8) member Independent Citizen Oversight Committee shall be formed to review the annual independent fiscal audit of the expenditure of the Transportation Tax funds and issue an annual report on its findings regarding compliance with the requirements of the Expenditure Plan and the Ordinance to the Authority Board of Directors. The annual report shall also be made available to the public. Membership in the Independent Citizen Oversight Committee shall be composed of one registered voter appointed by the governing body of each city and town, and two appointed by the Placer County Board of Supervisors. The two appointees of the County shall include at least one representing the Tahoe Area. Persons currently employed by the County of Placer or any incorporated city or town therein, or currently serving as a city or town councilmember or member of the Board of Supervisors, are not eligible for membership on the Citizen Oversight Committee.

In the event a new city or town is incorporated, the Independent Citizen Oversight Committee membership would be expanded to include one voter appointed by the governing body of that new city or town.

**2.4 MANDATORY PLAN UPDATE AND TERMINATION OF TRANSPORTATION TAX**

This Plan shall be reviewed by the Authority at least every ten (10) years that the Transportation Tax is in effect to reflect current and changing transportation priorities and needs in the County, as defined by the duly elected local government representatives on the Authority Board. Any changes to this Plan must be adopted in accordance with Section XIII of the Ordinance and with current law in effect at the time of the update, and must be based on findings of necessity for change by the Authority. The Transportation Tax authorized to be collected by the voters shall expire in exactly thirty (30) years, unless the voters approve an extension of the Transportation Tax prior to the expiration date, as may be required under state law in effect at the time of the vote for extension.

**CHAPTER 3: SPECIFIC TRANSPORTATION PROGRAMS TO BE FUNDED**

**3.1 MAJOR HIGHWAY/ ROAD PROGRAMS – 44.75%**

Many more state highway improvement projects are needed to deal with congestion and safety problems in Placer County than existing state and federal revenues can fund. Programmed and projected formula funds from these sources over the thirty (30) years are estimated to be \$117 million and will fund about 8% of the improvements needed and identified in this Plan. Funds generated by the Transportation Tax will supplement those funding sources with an estimated \$716 million and, along with an estimated \$715 million in developer impact fees, will cover the remaining costs estimated to accomplish these improvements. **The actual amount of funds available for expenditure on state highway improvement projects from the identified sources and the amount expended for such purposes may vary from these estimates.**

44.75% of the Transportation Tax is allocated to Major Highway/Road Projects. The Major Highway/Road projects to be implemented with the Transportation Tax revenues are as follows:

<b>ROUTE</b>	<b>LIMITS</b>	<b>PROJECT</b>
I-80/SR 65	Interchange Phase 1-3	Improve interchange operations and capacity
I-80	I-80/SR 174 Interchange I-80/Rocklin Road Interchange I-80/Horseshoe Bar Rd Interchange	Improve interchange capacity and operations
I-80	Douglas Blvd to Riverside Ave (westbound) SR 65 to Rocklin Rd (eastbound)	Add/extend auxiliary lanes

SR 65	Galleria Blvd/Stanford Ranch Blvd to Lincoln Blvd.	Widen to 3-5 lanes each direction
SR 65	SR 65/Nelson Lane Interchange	Improve to grade separated interchange
SR 49	I-80 to Dry Creek Road	Operational and safety improvements including widening, bikeways, sidewalks, signal synchronization and complete streets
Baseline Road	Foothills Blvd to SR 70/99	Widen to 4-6 lanes
Placer Parkway	SR 65 to SR 70/99	Construct 4 lane expressway

**The final scope and project limits of all improvements proposed for the State Highway system will be determined through the environmental clearance process.**

The Authority may add additional Major Highway/Road projects, should the Transportation Tax produce more revenue than now predicted or the Authority be more successful than anticipated in attracting state/federal matching funds, developer impact fees, or obtaining other grants and funds for transportation infrastructure purposes.

### **3.2. RAIL AND TRANSIT PROGRAM – 11.875%**

This Plan will provide an estimated \$190 million of Transportation Taxes to expand rail, add bus rapid transit, and implement services and continue and expand programs to meet the transit needs of seniors, disabled persons and commuters.

#### **3.2.a. Transportation Services for Seniors and Disabled Persons**

Seniors and disabled persons are becoming an increasing percentage of the population each year, and will drive demand for more frequent transit service to more areas. In addition, a number of transportation programs have been implemented which meet specialized needs for transportation to medical services, social service agencies and programs, shopping and other purposes that cannot be met by conventional transit. An estimated \$55 million in Transportation Tax funds will be used to expand these transit services.

### **3.2.b. Capitol Corridor Rail and Bus Rapid Transit Service**

The existing Capitol Corridor rail service has provided a viable alternative to the automobile for daily commuters to downtown Sacramento and reduces traffic on I-80. The current service level needs to be augmented by expanding capacity between Sacramento and Roseville to bring ten (10) round trips per day to Placer County. In addition, establishment of frequent and timely bus rapid transit service that provides a reasonable alternative to the automobile for existing and future daily commuters who travel to and within the South Placer area is needed. An estimated \$90 million of Transportation Tax funds will be made available for capital and operations of these rail and bus rapid transit services and to match available federal funds.

### **3.2.c. Commuter Bus Service**

Placer County's existing commuter bus services provide a safe, convenient, and comfortable alternative to driving and removes congestion from highways. There is strong demand to expand this highly popular effective service to connect more residential areas and major employment centers. An estimated \$45 million of Transportation Tax funds will be made available for capital and operations of commuter bus services, and to match available federal and state funds.

**The actual amount of funds available for expenditure on transit and other projects described in this Section from the identified sources and the amount expended for such purposes may vary from these estimates.**

### **3.3. LOCAL TRANSPORTATION PROGRAM – 30%**

The local transportation systems, particularly local streets and roads, are critical to the everyday movement of people within the cities, town, and the County.

Much of the road system is aging, has potholes, and is in need of expanded maintenance and rehabilitation. New local roads adjacent to new residential and business developments will continue to be constructed and paid for by the developers. Current resources, without the establishment of Transportation Tax revenues for transportation, cannot provide adequate funding to maintain the local street and road system at the level necessary to adequately serve the public.

The priorities for local transportation vary among individual local jurisdictions. While overlay, reconstruction, repair, and maintenance of the local road system are needs common to all and is specifically allowable as an expenditure of these funds, there are additional needs as well.

Transportation Tax funds can be used for transportation projects, transit operations, projects that support transportation/land use coordination, and air quality improvement projects, as designated by this Plan. Some examples of allowable projects include bike paths, transit centers, widening of existing local roads, local matching funds for transportation grants or earmarks, fueling stations for electric vehicles, compressed natural gas or other alternative fuels, sidewalks and pedestrian paths, transportation demand management programs, lighting, landscaping, security for transportation facilities, park and ride lots, Safe Routes to School programs, and traffic signal synchronization.

This Plan will provide an estimated \$ 480 million of Transportation Taxes specifically for these purposes. The funds will be distributed to the cities, town, and the County by a formula based on an equal weighting of each jurisdiction's proportionate share of the total County population and road miles, with a minimum allocation of \$250,000 for each jurisdiction. Allocations will be updated annually based on California Department of Finance population data and reported road miles.

**The actual amount of funds available for expenditure on local transportation projects from the identified sources and the amount expended for such purposes may vary from these estimates.**

In order to be eligible for these funds, each jurisdiction shall satisfy and continue to satisfy the following requirements:

1. On July 1 of each year, file a Five-Year Capital Improvement Program including all capital transportation projects, including projects funded by the jurisdiction's share of the Transportation Tax.

2. The portion of funds under this Program designated to the Non-Tahoe portion of Placer County shall include a minimum of 50% into a "Placer County Rural Roads Maintenance and Repair Fund." Expenditures from this Fund shall be restricted to the repair, safety, and maintenance of existing county roads, and not used for capacity increasing transportation improvements, in the areas represented by the following Municipal Advisory Councils (MACs):

- Donner Summit
- Foresthill Forum
- Horseshoe Bar/Penryn
- Meadow Vista
- Newcastle/Ophir
- North Auburn
- Rural Lincoln
- Sheridan
- Weimar/Applegate/Colfax
- West Placer

The County shall consult with each MAC at least once annually as part of the development of the MAC's Five-Year Capital Improvement Program to identify local priorities for resurfacing, pothole repair, and other road maintenance and repair.

3. Adopt and administer a development impact fee program that requires new development to pay a fair share of necessary transportation improvements attributable to the new development.

4. On July 1 of each year, file with the Authority an annual Expenditure Report for the prior fiscal year identifying the amount of Transportation Taxes, developer impact fees and other local agency funds expended by the jurisdiction and certify that the maintenance of effort requirements of the Ordinance and the Expenditure have been satisfied.

### **3.4 TAHOE AREA PROGRAM – 3%**

The Tahoe Area of Placer County is that area east of the summit of the Sierra Nevada Mountains located within Placer County, including but not limited to Tahoe City, Kings Beach, Carnelian Bay, Squaw Valley, Martis Valley, Northstar, and Alpine Meadows. This Plan is designed to recognize the unique transportation challenges and priorities for the Tahoe Area by providing an estimated \$48 million for improvements such as:

- Provide funding for the improvement and expansion of the bicycle and pedestrian trail system, including maintenance and snow removal
- Improve and Expand Public and Specialty Transit Service
- Provide funding for Local Streets and Roads Improvements, including road rehabilitation
- Improve Safety and Visibility at Major Intersections and Arterial Roads, including snow removal

In order to be eligible for these funds, the Tahoe Area, as represented by the County of Placer, will be required to file a Five-Year Capital Improvement Program, updated annually, with the Authority outlining anticipated expenditures. The North Lake Tahoe Transportation Authority, created pursuant to Government Code Section 67964, will not have any role in developing or administering said programs or funds unless expressly designated by subsequent action of the Placer County Board of Supervisors.

### **3.5 BICYCLE AND PEDESTRIAN PROGRAM – 4.75%**

Bicycle, pedestrian, and neighborhood electric vehicle (NEV) travel provide a viable alternative for short distance trips and enhance the quality of life in our neighborhoods. Safe, easy to use facilities in key areas support the attractiveness of these clean and healthy transportation modes. An estimated \$75 million in net Transportation Tax funds will be used to match local, state, and federal funds to construct and improve bicycle, pedestrian, and neighborhood electric vehicle facilities and otherwise to support walkable and bikeable communities including Safe Routes to School.

The Authority shall establish, in the first year after the adoption of this Ordinance, the criteria by which projects are deemed eligible for funding under this Program, and the selection criteria by which such eligible projects are selected. The eligibility and selection criteria shall include safety, connectivity to schools and to the overall system estimated demand/usage, ability to attract matching funds, and lack of other funding in the overall Transportation Expenditure Plan.

**3.6 COMPETITIVE PROJECTS PROGRAM – 4.625%**

It is recognized that the Plan cannot anticipate every factor that could affect transportation needs over its thirty (30) year life. New technologies, new travel patterns, and new transportation modes are amongst the many possibilities that may arise in the future. To provide the flexibility to meet those unanticipated needs and opportunities, the Transportation Plan is anticipated to provide approximately \$75 million to a Competitive Projects Program. The Authority shall establish, in the first year after the adoption of this Ordinance, the criteria by which projects are deemed eligible for funding under this Program, and the selection criteria by which such eligible projects are selected. The eligibility and selection criteria shall include safety, congestion relief, ability to attract matching funds, and lack of other funding in this overall Transportation Expenditure Plan. Any Competitive Projects Program funds unspent at the conclusion of the thirty (30) year Plan would be added to the Local Transportation Program.

**CHAPTER 4: BOND FINANCING**

Construction of the highway and rail projects and implementation of the local streets and roads and other programs identified in this Plan are needed as soon as possible. In order to accomplish this, some level of borrowing will be required, with debt to be repaid with Transportation Tax revenues. The Authority will determine the extent of borrowing that is reasonable and that can be supported by Transportation Tax revenues as the Plan is implemented.

**CHAPTER 5: ALLOCATIONS SUMMARY**

<b>TRANSPORTATION TAX REVENUE ALLOCATIONS</b>	
Major Highway/Road Program	44.75%
Rail and Transit Program	11.875%
Bicycle and Pedestrian Program	4.75%
Local Transportation Program/ Rural Roads Maintenance and Repair Program	30%
Tahoe Area Program	3%
Competitive Projects Program	4.625%
Transparency, Accountability, and Administration	1%
<b>TOTAL</b>	<b>100%</b>

The Authority may reallocate the expenditure of Transportation Taxes in any given year on a different percentage basis provided that the percentage allocations set forth above are achieved over the duration of the Ordinance.

#### **CHAPTER 6. FUNDING FLEXIBILITY AND BONDING TO EXPEDITE PROJECTS**

To more quickly deliver transportation projects for the benefit of Placer County residents, visitors, and businesses, the Authority may temporarily shift Transportation Tax revenues and developer impact fees administered by the South Placer Regional Transportation Authority (SPRTA) amongst projects in any given year. However, the proportionate shares for funding contributions and purposes over the 30-year period may not be changed without an amendment of this Plan as required by law and Section XIII of the Ordinance. Transportation Tax revenues subject to this temporary shift specifically exclude those annually allocated to the cities, town, and County under the Local Transportation Program (Section 3.3 of this Plan) and those allocated to the Tahoe Area under this Plan (although Tahoe Area funds may be shifted between projects benefiting the Tahoe Area). Shifts may not be made without previous consultation with the affected local agencies and two-thirds majority approval of the Authority Board of Directors.

#### **CHAPTER 7. INFORMING THE PUBLIC OF LOCAL FUNDING SUPPORT**

All projects using \$1 million or more of Transportation Tax revenues shall be signed to inform the public that Transportation Tax revenues support the project.

#### **CHAPTER 8. SEVERANCE PROVISIONS**

If any provision of this Plan, or the application thereof, is for any reason held invalid and unenforceable by a court of competent jurisdiction to a person or circumstance, the remainder of the Plan and the application of such provision to other persons or circumstances shall not be affected thereby, and the Authority declares that it would have passed each part of this Plan irrespective of the validity of any other part.
