

MEMORANDUM
PUBLIC WORKS AND FACILITIES
ENGINEERING DIVISION
County of Placer

TO: Honorable Board of Supervisors
FROM: Ken Grehm, Director of Public Works and Facilities
By: Matt Randall, Senior Civil Engineer

DATE: October 11, 2016

SUBJECT: Engineering / Authorization to Advertise / Tree Removal at Various Project Locations in Placer County

ACTION REQUESTED

Adopt a Resolution approving the plans and specifications for tree removal ahead of approved bridge projects, for an estimated cost of \$800,000, and authorizing the Director of Public Works and Facilities, or designee to advertise for construction bids.

BACKGROUND

The Department of Public Works and Facilities requires tree removal services for various federally funded projects in Placer County. The projects include Walerga Road Bridge Replacement at Dry Creek, Wise Road Bridge Replacement at Doty Creek, Cook Riolo Road Pedestrian Pathway, and Brewer Road Bridge Replacement at Pleasant Grove Creek. Utilities are in conflict with the proposed improvements on all the projects and have to be relocated prior to construction, and trees in conflict with the proposed improvements have to be removed prior to utility relocation. Due to the migratory and non-game bird nesting season from February 15th – September 1st, it is recommended that necessary project tree removal be completed prior to February 15th. For bidding purposes, the Walerga Road and the Wise Road Bridge Projects will be the base bid and projects on Cook Riolo, and Brewer Roads will be added alternates.

ENVIRONMENTAL IMPACT

For Walerga Road Bridge, a Mitigated Negative Declaration under CEQA was adopted by your Board on January 13, 2009 and a revalidated NEPA Categorical Exclusion was approved on January 5, 2016. For Wise Road Bridge, a Mitigated Negative Declaration under CEQA was adopted by your Board on May 5, 2015 and a Categorical Exclusion for NEPA was approved August 4, 2015. For Cook Riolo Road Pedestrian Pathway, a Mitigated Negative Declaration for CEQA was approved by your Board on May 17, 2016 and a Categorical Exclusion for NEPA was approved June 1, 2016. For Brewer Road Bridge, a Mitigated Negative Declaration for CEQA was approved by your Board on August 4, 2015 and a Categorical Exclusion for NEPA was approved August 12, 2015 and revalidated on October 29, 2015.

FISCAL IMPACT

The estimated project construction cost is \$800,000. The Walerga Road Bridge (PC2570) is funded through the Federal Highway Bridge Program (HBP) at 88.53% and County Traffic Mitigation Fee Programs at 11.47%. The Wise Road Bridge (PC2962) is funded through HBP at 88.53% and Placer County Road Fund at 11.47%. The tree removal portion of the Cook Riolo Road Pedestrian Pathway Project (PC2986), which is in the right of way phase, is funded 100% by Congestion Management or Air Quality Program (CMAQ) funds. The Brewer Road Bridge (PC2964) is funded 100% by HBP. There is sufficient funding available in the final FY 2016-17 budget.
