I am pleased to submit the 2014 Agricultural Crop Production Report for Placer County in compliance with Section 2279 of the California Food and Agricultural Code. Also included is the Sustainable Agriculture Report in accordance with Section 2272 of the Code.

Placer County's total gross value of agricultural crops and products for 2014 was **\$86,464,000**. This represents an increase of \$3,839,000, or 4.4% above 2013's value of \$82,625,000. This report reflects the gross value of agricultural crops and products and not the net income producers receive.

Rice remained Placer County's top grossing crop in 2014 with a value of \$23,891,000. Cattle and Calves were second in total value at \$14,994,000 followed by Timber with total value of \$12,145,000. Nursery Stock ranked as Placer County's fourth most valuable crop with a gross value of \$7,311,000. Walnuts rounded out the top five crops with a total value of \$5,758,000.

The Placer County Agricultural Commissioner's Office expresses its appreciation for the cooperation of all the growers, organizations and individuals who provided the information necessary for this report, as well as UCCE Farm Advisor Roger Ingram and to Deputy Agricultural Commissioner Ed King, who coordinated and compiled this report.

Respectfully submitted,

Joshua P. Huntsinger  
Agricultural Commissioner/  
Sealer of Weights and Measures

**CERTIFIED PRODUCERS**

Placer County issued 50 Certified Producer's Certificates

Ever thought about eating local? Local produce can be picked when it is ripe and ready to eat, travels less distance to the market, arrives fresher and tastes better. Buying locally grown produce and meat products gives people an opportunity to know the farmer or rancher that has produced the food and to understand what it takes to bring these products directly to the customer. Customer support of the local food system helps sustain the rural community where agricultural production occurs and maintains the rural quality of life that benefits everyone. Make it a point this year to know where your food comes from and buy local, in-season produce.
