

The fire in Auburn on Sunday is an event of almost incomprehensible magnitude. I am deeply concerned with the personal, mental and physical conditions of those affected, as well as by the loss of homes, businesses and treasured private mementos. My thoughts and prayers are with my constituents who lost so very much, so very unexpectedly.

Over the coming weeks my main priority will be to effect a quick, safe and organized cleanup effort so that those who live in the area, and those who wish to rebuild, can do so knowing their health is protected. I will certainly continue to spend time at the fire scene with those most personally touched by this heartbreaking event and I will also be available at the Board of Supervisors Chambers so that anyone who wants to reach me can. I want to be absolutely certain that Placer County is doing all we can, now and in the future, to ensure that we provide all the services, support and outreach necessary to help the people so devastated by this disaster.

I hope the residents of the area will feel free to call me with questions, concerns and anything else they fear may not being addressed quickly and clearly. I will be glad to speak with any and all of the people affected by the fire. My phone number at the Board of Supervisors Office is 530-889-4010 and my cell is 530-320-4663.

It is both my duty and my responsibility as the elected representative in the burned over area to do all I can to help restore both some semblance of normalcy and a sense hope to the area. I look forward to serving in whatever ways I can in the coming weeks, months and years.

Sincerely,

Jennifer
