SKETCH: (Include reference tie or witness points, remarks and topo of area)

This corner was found by retracing the GLO notes from the terrain ties from the south and west which fit this location very well.

The post was apparently set by Mr. Barriman in the 1940s to best fit the BTs and I concur with his deduction as to the most probable location of the original corner.

Corner was found by Larry Hyder, Reg. Forester No. 1454 --- Field confirmation and remonumentation by Homer Banks, Jr. - LS 3279.

A K-tag on a 16" White Fir on the northerly edge of a logging landing is 4.2 chains south of this corner with a cleared line to the corner.

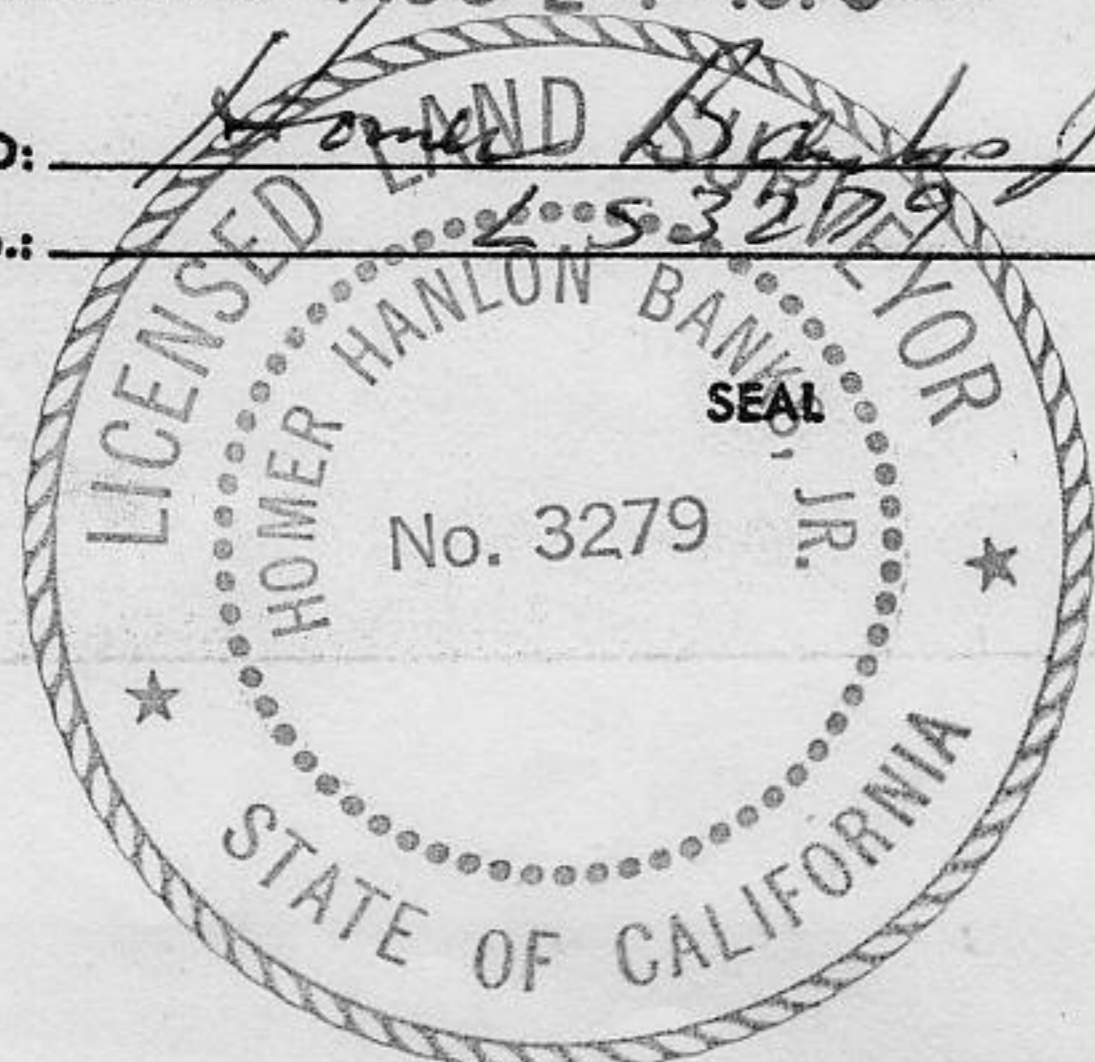

All BTs have properly marked BT tags.
