****CONTINUED FROM DECEMBER 5, 2019 PLANNING COMMISSION HEARING****

Consider a request from Auerbach Engineering Corp, on behalf of New Martis Partners, and make a recommendation to the Board of Supervisors on proposed modifications to the approved Schaffer's Mill Subdivision (formerly Eaglewood), including the following: 1) General Plan Amendment (Martis Valley Community Plan) to amend a 5.63 acre portion of Assessor Parcel Number 080-061-033-000 from Forest, 60-240 acre minimum, to Low Density Residential, 1-5 dwelling units per acre, as shown on the General Plan Amendment exhibit included with this notice; 2) Rezone a 5.63 acre portion of Assessor Parcel Number 080-061-033-000 from O (Open Space) to RS-B-X-AO 20 ac. min. PD=1.5 (Residential Single-Family Combining District Airport Overflight, 20-acre minimum Planned Residential Development, 1.5 dwellings per acre), as shown on the Rezone exhibit included with this notice; and 3) Modification of the Vesting Tentative Subdivision Map and Conditional Use Permit to relocate eight (8) single-family residential lots to the southwest corner of the development and relocate the Golf Course Maintenance and Operations Facility (Lot F) from the 1.4-acre site centrally located within the development to a 2.12-acre site along Schaffer Mill Road. The Vesting Tentative Subdivision Map and Conditional Use Permit (PSCP T20040186) were approved by the Board of Supervisors in October of 2004. An Environmental Impact Report (EIR) (SCH #: 2000102025) was prepared for the project (formerly known as Eaglewood) in accordance with CEQA and was certified at the same time. The Planning Commission will also consider an Addendum to the previously certified EIR for this project.

Project Location: In the southwest portion of the Schaffer's Mill Subdivision, on the west side of Tarn Circle and approximately 0.4 miles south of the Nevada / Placer County line and south of the Town of Truckee, in the Martis Valley area.

Consider an appeal filed by the applicant Jared Kearsley of the Zoning Administrator's October 17, 2019 denial of a Minor Use Permit to allow the installation of a new 88-foot (83-foot tower with 5 feet of foliage on top) cellular monopine tower within a 1,184 square foot (37' x 32') fenced compound. The cellular tower would include 12 antennas; 4 per sector, 4 surge suppressors, and 24 remote radio units (RRUs). Within the fenced compound would be a walk-in equipment cabinet and 30kw diesel generator with a 190-gallon fuel tank. In addition, trenched fiber optic cable and electric cables will be installed to the site from Millertown Road. The Planning Commission will be asked to make a finding that the proposed action to deny the appeal and uphold the denial of the Minor Use Permit is exempt from environmental review pursuant to Public Resources Code Section 21080(b)(5), projects which a public agency rejects or disapproves.

**PREVIOUSLY ADOPTED MITIGATED NEGATIVE DECLARATION
SUPERVISORIAL DISTRICT 5 (GUSTAFSON)**

Consider a request from Paul Klapper on behalf of Langundo LLC, for approval of a two-year Extension of Time for a previously approved Tentative Parcel Map and Conditional Use Permit. The Conditional Use Permit allows for the replacement of a previous motel facility with ten new timeshare duplexes (20 units total) and a 1,757 square foot clubhouse with a two bedroom manager's unit above on the property located at 6731 North Lake Boulevard (APN: 117-071-015-000) and to replace an existing single family residence with three detached employee housing units on an adjacent property located to the east at 215 Anderson Road (APN: 117-071-044-000). The approved Tentative Parcel Map and Conditional Use Permit would create a total of four separate lots, three lots for each employee housing unit (1,357 square feet for Parcel One, 1,246 square feet for Parcel Two, and 2,023 square feet for Parcel Three) and one common area lot (12,152 square feet for Parcel A), in a Planned Residential Development. The Tentative Parcel Map and Conditional Use Permit were approved previously by the Planning Commission on February 9, 2012. A two-year extension of time was later approved by the Planning Commission on January 5, 2017 bringing a new expiration date of February 9, 2019. A one-year extension of time was then approved by the Planning Commission on July 2, 2018 bringing a new expiration date of February 9, 2020. A Mitigated Negative Declaration was prepared for the project in accordance with CEQA and was adopted on February 9, 2012. The Planning Commission will be asked to make a finding that no changes have occurred in the project or existing circumstances that would warrant additional environmental analysis for the Extension of Time request.
