7. Action Items

      The Squaw Valley Design Review Committee will review and provide recommendations on the proposal to allow the existing temporary monopole remain an additional three years or until August 7, 2021. The original approval allowed for the installation of a temporary 45-foot high, monopole cellular communications tower (overall height of 47 feet) and a 10 ft. by 16 ft. Verizon Wireless equipment shelter on a cell block foundation. The temporary facility was constructed within a 494.4 square foot compound (lease area) that is fenced with an eight-foot high, chain link fence utilizing colored slats. The majority of the project development is located at 1700 Squaw Place (eastern parking lot Squaw Valley Resort).
