A. Proposed Zoning Text Amendment - Wineries

Planning Services Division staff is reviewing a proposed Zoning Text Amendment that will add height limit exceptions language to Section 17.56.330(E), Development and Operational Standards for Wineries. The added language would allow a structure for a winery, tasting room, or accessory use-restaurant to exceed the prescribed height limit for the applicable zone if the additional height is authorized through a conditional use permit process that includes an analysis of visual impacts including photo simulations. The Zoning Text Amendment is being proposed as part of entitlements for the Project 8 Winery (PLN21-00198). Staff is eliciting feedback specific to the proposed amendment.
