Attendees
1 Curtis Budge, Diane Shinstock, Joe Shinstock, Lisa Cataldo, and Lorraine Taylor.

Items To Be Discussed

1) The committee acknowledged the great presentation and training of psychotropic medication training provided by Dr Robert Oldham in January. It was educational and appreciated. Given that the meeting only lasts one short hour, the committee recommends allowing 10-15 minutes for additional Q&A time at the end for future similar trainings.

2) Lisa presented a copy of the ASC Semi-Annual Report for Fiscal Year 2018-19 for committee review. No specific follow up action items at this time.

3) Review of Mental Health Services Act services and data. This committee has been asked by the MHADB to review the MHSA stakeholder process. The group briefly reviewed some sections of the 2017-2020 MHSA plan, as well as Annual updates and MHSA revenue and expenditure reports. Follow up items from MHSA discussion are: a) Curtis will send link of MHSA information on Placer County website for committee members to review and bring back thoughts the current data that is collected and if there are any gaps or concerns with current data, b) Curtis to inquire about MHSA pilot program review by DHCS and if there have been any findings that can be shared, c) How does the County ensure that community involvement extends beyond paid community providers and does the current meeting schedule allow flexibility for all interested community members to attend?

4) *Public input is always welcome on items on the agenda.
