A. Please be advised that in addition to the FEMA flood zone designations noted below the property is subject to Placer County Code, Article 15.52 Flood Damage Prevention Regulations. If the Property is in a floodplain, you will need to contact Community Development before making any improvements at (530) 745-3110. Additional Flood Plain Information may be viewed at [www.placer.ca.gov/works/Floodplain](http://www.placer.ca.gov/works/Floodplain).

B. Flood Insurance is required for property located within Special Flood Hazard Areas (FEMA Flood Zone A or AE) if a federally backed mortgage is secured for a structure. For more information on Flood Insurance contact any agent in our community. Please note that this determination is based on the 100-year flood (a one percent chance of occurring in any given year) as shown on the Placer County Flood Insurance Rate Map, provided by the Federal Emergency Management Agency. This is not a determination that the referenced property will or will not be free from flooding or damage during such an event. A property not in a Special Flood Hazard Area may be damaged by a flood greater than that predicted on the Flood Insurance Rate Map or from a local drainage problem not shown on the map. In addition, this letter does not create liability on the part of Placer County or any officer or employee thereof for any damage that results from reliance on this determination.
