

**MEMORANDUM  
DEPARTMENT OF FACILITY SERVICES  
COUNTY OF PLACER**

To: **BOARD OF SUPERVISORS** Date: **SEPTEMBER 26, 2006**  
From:  **JAMES DURFEE / MARY DIETRICH**  
Subject: **APPROVAL OF A RIGHT OF ENTRY AND CONSTRUCTION AGREEMENT  
WITH PFE INVESTORS, LLC**

**ACTION REQUESTED / RECOMMENDATION:** It is recommended that your Board take the following actions associated with a revocable license agreement including a right of entry and construction agreement between the County of Placer and PFE Investors, LLC, for infrastructure and recreational improvements anticipated with the Riolo Vineyards subdivision that is planned near Dry Creek in the Roseville area:

- 1) Delegate authority to the Director of Facility Services to prepare a revocable license agreement between County and PFE Investors, LLC, developers of the proposed Riolo Vineyards subdivision, based upon the attached Material Terms.
- 2) Adopt a Resolution authorizing the Director of Facility Services, or his designee, to execute all documents and take all actions necessary to complete the processing and recordation of this agreement following review and approval by County Counsel.

**BACKGROUND:** In the previous action, your Board authorized the County's acceptance of four parcels of land (Lots A, B, C and D) that were created with Doyle Ranch subdivision, located near Dry Creek in the Roseville area. To the south of the Doyle Ranch subdivision and Lot A, lies the proposed 788 lot Riolo Vineyards subdivision that is currently in the planning process. Based upon discussions with County land use staff and the developer of the Riolo Vineyards subdivision, it is anticipated that project conditions of approval will include requirements for the construction of a sewer line, a reclaimed water system, and the extension of a multi-purpose trail with connections into adjacent projects. Based upon review of the project design and consultation with County staff, it has been determined that the best location for these anticipated improvements is across the County's Lot A as depicted in Exhibit B. Construction of improvements over this site allows for the co-location of access and trail improvements, underground utilities, recreational amenities and connection to planned improvements associated with the Dry Creek Park.

To preserve this opportunity, PFE Investors, LLC, has requested that the County enter into a revocable license agreement to provide a right of entry to Lot A along with a construction agreement. This document would define the term of this agreement, the specific improvements that may be constructed as well as conditions for termination or revocation. The proposed Material Terms associated with this agreement are attached as Exhibit A.

**ENVIRONMENTAL CLEARANCE:** Approval of this agreement is an administrative activity and is therefore not subject to the California Environmental Quality Act. The improvements anticipated under this agreement would be subject to environmental review as part of the Riolo Vineyards project.

**FISCAL IMPACT:** Approval of the agreement has no fiscal impact to County. Improvements constructed on Lot A would be maintained with funds collected through County Service Area 28, Zone 169.
