

Notification of Approval for CAPCOA GHG Rx Credits
CERTIFICATE NO. 124-PL-[1-2156]-1

IS HEREBY ISSUED TO:
INTERNAL CREDIT PRODUCTION
Placer County Air Pollution Control District
110 Maple St.
Auburn, CA 9563

Credit Serial Numbers: 124-PL-PL-BM-08-2156

Number of Credits (MT): 2,156

1. The Placer County Air Pollution Control District (PCAPCD) attests that the credits listed above have been positively verified by an independent third party, specifically the South Coast Air Pollution Control District, and have been found to meet all of California Air Pollution Control Officer Association (CAPCOA)'s criteria outlined in their *Greenhouse Gas Reduction Exchange Administrative Guidelines*. Specifically, the District and the third party verifier have found that the credits are real, additional, surplus, quantifiable, enforceable, validated, and permanent.
2. The PCAPCD attests, as the owner of the credits, that it will not list the credits on any other registry or exchange program or use them in a fraudulent manner.
3. The PCAPCD attests that these credits have never been used to satisfy any voluntary or mandatory program or purpose.
4. The PCAPCD attests that it will only sell these credits by using a contract that will require any purchaser to comply with any and all conditions set forth in that contract, including but not limited to a requirement that the buyer Notify the district of any sale, transfer, or retirement of the credits, and that upon such sale, this document and a copy of the sales agreement between those parties authorizing and memorializing the transfer of the credits must be submitted to the Air Pollution Control Officer (APCO) by the transferee, within 10 days of the date of the agreement.

This document serves as the “Legally Binding Instrument” issued by the PCAPCD, for the purpose of documenting that it has internally generated credits for sale on the CAPCOA GHG Rx, and that the PCAPCD finds that the credits can now be listed for sale on the Exchange.

DATE of internal credit issuance: 12-17-14

THOMAS J. CHRISTOFK, APCO
