Project No. 4917 Architectural Services Agreement

ACTION REQUESTED:

1. Approve and authorize the Chairman to execute the Consultant Services Agreement
with Moniz Architecture to provide design and construction services for the Placer
County Government Center (PCGC) Development Relocation Project No. 4917, in North
Auburn in an amount not-to-exceed $640,737 in budgeted net county cost.

BACKGROUND: On March 11, 2014, your Board directed staff to continue negotiations with
Costco Wholesale Corporation for Site Access and Ground Lease Agreements at the Placer
County Government Center in Auburn. In anticipation of successful negotiations, Facility
Services will need to relocate various County Departments that occupy buildings within the area
to be ground leased. To accomplish this work Moniz Architecture was selected by the Capital
Improvements Division from a County pre-qualified list.

On August 26, 2013 the Purchasing Manager executed an Agreement with Moniz Architecture for
scoping and space programming to move one of the Parks and Grounds Shop, the Utilities
Division F Avenue Shop and Yard, the Sheriff’s Dive Unit and the Department of Public Works
(DPW) Tire Barn. Programming documents have been completed and we are now prepared to
commence with the design and construction documents based on the Programming Summary
and Conceptual Plan. The preliminary cost estimate for construction is $4.6 million.

The project consists of the following proposed facility relocations:

- One of the Parks and Grounds Shop to move from Second Street to a site adjacent to
  their Main Shop on Third Street. This relocation will consist of a new 2,160 sq. ft. metal
  building for palletized material storage and a small office, and 1,440 sq. ft. in covered
  outdoor storage for equipment, and site work and utilities.

- The Utilities Division F Avenue Shop and Yard to relocate to Second Street. The Utilities
  Division relocation will consist of a 5,347 sq. ft. metal building with area to store vactor
  trucks, trailers, pumps, generator pumps, meters, safety gear, pipe racks, emergency
  repair supplies, welding area, staff restroom with shower, pump shop, hydro shop, sign
  shop, and workbench. 2,700 sq. ft. of covered outdoor storage space is included for
  generators, compressor, pumps, wash down area, steam cleaner, pump test station,
  parking for closed circuit television vans, trailer and light tower.

- The Sheriff’s Dive Unit on F Avenue to relocate to a site within their existing Vehicle Yard
  on B Avenue. This relocation will consist of a 5,568 sq. ft. metal building with area for
  workstations, a training/de-briefing room, restrooms with showers and lockers, three bays
  for boat and truck storage, maintenance work area, dive lockers and benches. This
  building also has a 1,600 sq. ft. storage loft over the office/locker area and 1,800 sq. ft. of
  covered outdoor storage for gear washing, generator, truck and van parking.
• The DPW Tire Barn to relocate to a site to the south of their Maintenance Garage. The DPW Tire Barn relocation will consist of a 3,840 sq. ft. metal building for the storage of tires, engines, transmissions, axels, and miscellaneous other stock. The work also includes space for work benches and flammable storage cabinets.

Moniz Architecture's proposal includes comprehensive architectural and engineering services consisting of the preparation of construction documents for each building, including topographic surveys, code analysis, preparation of Design Review packages, meetings with County staff, and preparation of architectural, civil, structural (foundation design for pre-engineered metal buildings), mechanical, plumbing, and electrical specifications. They will also prepare an estimate of probable construction costs, prepare plan check submittal packages for each building, respond to plan check comments and respond to bidder's questions for two separate bid packages. Moniz Architecture will provide Construction Administration Services, including attendance at the pre-construction meetings, development of the Stormwater Pollution Prevention Plans, response to contractor Requests for Information, review of submittals (including the pre-engineered metal buildings) and progress site visits, as required. They will also assist in punch list preparation and project closeout.

In order to proceed with the PCGC Development Relocation project, it is requested that your Board approve the attached Consultant Services Agreement with Moniz Architecture and authorize the Chairman to execute the contract in an amount not-to-exceed, $640,737.

ENVIRONMENTAL IMPACT: The PCGC Development Relocation project is Categorically Exempt from the California Environmental Quality Act pursuant to Section 15303-Class (c): New Construction or Conversion of Small Structures, which provides for the construction of up to four commercial buildings not exceeding 10,000 square feet in floor area on sites zoned for such use if not involving the use of significant amounts of hazardous substances where all necessary public services and facilities are available and the surrounding area is not environmentally sensitive.

FISCAL IMPACT: The program level Estimate of Probable Total Project Cost is $6,426,795, including $4,649,898 for construction; $640,737 for Architectural and Engineering Services; $396,188 for Project Management, geotechnical and materials testing and fees; and $739,972 in contingencies. The Consultant Services Agreement with Moniz Architecture for architectural and engineering services for the PCGC Development Relocation Project is for an amount, not-to-exceed $640,737. There are sufficient funds in the FY 2014-15 Capital Projects Fund Project No. 4917, for these services.
