MEMORANDUM

DEPARTMENT OF PUBLIC WORKS
County of Placer

TO: BOARD OF SUPERVISORS

FROM: KEN GREHM / PETER KRAATZ

DATE: August 26, 2014

SUBJECT: AGREEMENT WITH CALTRANS FOR MAINTENANCE OF RADAR SPEED SIGNS ALONG HIGHWAYS 28 AND 89

ACTION REQUESTED / RECOMMENDATION
1. Adopt a Resolution authorizing the Director of Public Works, with County Counsel and Risk Management approval, to execute a Landscape Maintenance Agreement with CALTRANS to install, operate, and maintain radar speed advisory signs along Highways 28 and 89, in the North Lake Tahoe area and to execute future amendments not involving transfer of County funds to CALTRANS. There is no net County cost.

BACKGROUND / SUMMARY
In 2008, various community members in the Lake Tahoe region of Placer County expressed the desire to have the Public Works Department consider installing traffic calming devices on the State Highway Routes 89 and 28. As a result, the Department applied for County Transient Occupancy Tax (TOT) funds through the North Lake Tahoe Resort Association (NLTRA).

On August 26, 2008, the Board of Supervisors approved the NLTRA request to expend TOT funds to install six permanent radar speed limit advisory signs on State Route 28 in Kings Beach, Tahoe Vista, and Carnelian Bay. The Tahoe City Public Utility District also installed two signs on State Route 89 near Sequoia Avenue in Tahoe City. All eight signs are now maintained by the Department of Public Works for the NLTRA.

Future amendments to the existing landscape maintenance agreement will allow for the installation, operation, and maintenance of additional radar advisory signs, or for modifications to existing signs, to occur under the responsibility and management of the County. The agreement required by Caltrans before encroachment permits can be issued.

ENVIRONMENTAL
This action is not a project, as defined by Public Resources Code Section 21065, and is therefore exempt from environmental review under CEQA.

FISCAL IMPACT
This agreement allows the County, under the direction and management of the Department of Public Works to install, operate, and maintain radar speed advisory signs in the State Highway right of way in the North Lake Tahoe area. There is no fiscal impact to the County for this agreement.
