TO: Board of Supervisors  
FROM: Ken Grehm, Director of Public Works and Facilities  
By: Matt Randall, Senior Civil Engineer  
DATE: December 6, 2016  
SUBJECT: Engineering / Initial Study/Mitigated Negative Declaration / Haines Road at Wise Canal Bridge Replacement Project-PC2918

ACTION REQUESTED
Adopt a Resolution approving the Initial Study/Mitigated Negative Declaration with the required findings and mitigations for the Haines Road at Wise Canal Bridge Replacement Project.

BACKGROUND
The Department of Public Works and Facilities (DPWF) is proposing to replace the existing bridge on Haines Road over the Wise Canal under the federal Highway Bridge Program (HBP). The existing one lane bridge is 86 years old structurally deteriorating and classified as functionally obsolete. The proposed bridge will be 73-feet long, with a 32-foot wide 2-lane roadway. The proposed bridge and roadway approaches will be designed to meet all current structural, geometric, and hydraulic guidelines including site distance and geometric improvements for safety at Carriage Oaks Lane.

DPWF staff has solicited public input for this project by contacting property owners directly adjacent to the project site and by presenting information to the North Auburn Municipal Advisory Council. The proposed project will incorporate design features to preserve rural context and provide safe access for residents, emergency vehicles, trucks, and other users, while still providing a bridge and approaches designed to current standards. Additional outreach to the North Auburn MAC and adjacent residents is planned during the final design phase to share and receive feedback on the design.

Construction is tentatively planned for the summer of 2020.

ENVIRONMENTAL IMPACT
The County is currently in the process of obtaining NEPA clearance for this project. An Initial Study/Mitigated Negative Declaration (IS/MND) was prepared for this project by Sycamore Environmental Consultants, Inc. in October 2016, pursuant to the California Environmental Quality Act (CEQA). Comments received during the public comment period, which closed on November 10, 2016 have been appropriately addressed. Upon approval of the MND, the Notice of Determination will be processed.

FISCAL IMPACT
The total cost of the project is estimated to be $5,200,000. This project is funded with federal HBP funds (88.53%) and a combination of local road funds and federal toll credits (11.47%). There are sufficient funds available in the FY 2016-17 Department of Public Works and Facilities Final Budget, Bridges, Haines Road at Wise Canal Bridge Replacement Project #2918.

Mitigated Negative Declaration and Initial Study is on file with the Clerk of the Board
Before the Board of Supervisors  
County of Placer, State of California

In the matter of:  
A Resolution Approving the Initial Study / Mitigated Negative Declaration (State Clearing House No. 2016102023) for the Haines Road at Wise Canal Bridge Replacement Project.

The following Resolution was duly passed by the Board of Supervisors of the County of Placer at a regular meeting held __________________________, by the following vote on roll call:

Ayes: 
Noes: 
Sign: Absent: 

__________________________________________  
Chair, Board of Supervisors

Attest:

__________________________________________  
Clerk of said Board

WHEREAS, the existing bridge on Haines Road at the Wise Canal has been determined to be functionally obsolete and structurally deteriorating, and

WHEREAS, a preliminary design for the project has been prepared by Placer County, and

WHEREAS, the design of the bridge replacement is consistent with the California Department of Transportation and Placer County Standards; and

WHEREAS, the County of Placer has prepared an Initial Study / Mitigated Negative Declaration, circulated it as required by law and included all necessary measures to mitigate any significant impacts of the project.

BE IT RESOLVED by the Board of Supervisors of the County of Placer, State of California that this Board approves a Mitigated Negative Declaration (STATE CLEARING HOUSE NO. 546).
2016102023) for the Haines Road at Wise Canal Bridge Replacement Project and make the following findings:

1. The mitigated negative declaration has been prepared as required by law.

2. There is no substantial evidence in the record as a whole that the Project mitigated may have a significant effect on the environment.

3. The mitigated negative declaration as adopted for the Project reflects the independent judgment and analysis of Placer County, which has exercised overall control and direction of its preparation.

4. The mitigation plan / mitigation monitoring program prepared for the project is approved and adopted.

5. The custodian of records for the Project is the Placer County Public Works and Facilities Director, 3091 County Center Drive, Auburn, CA 95603.
