

2016 CALIFORNIA BUILDING STANDARDS CODE OF REGULATIONS TITLE 24

Deferred Submittal Form

Circle requested deferral items below:

Truss calculations / Geotechnical Final Report / Energy Calculations / Skylight Calculations / Acoustical Ceilings Systems / Back-Up Power Systems / Pre-Fabricated Stairs / Racking Systems / Veneers / Fire Sprinklers / Others /

Permit Number:

Property Address:

Lot/Subdivision:

Applicant:

Provide substantial justification for the deferred item/s (Justification shall be for other than not having a general contractor, design professional, manufacturer, etc.)

I hereby request a deferred submittal for the above referenced address. I understand that the deferred submittal is an option and would require that I submit the deferred submittal for review and approval prior to installation and inspection of requested deferred item/s for this project.

I understand that I will need to supply two sets of the deferred item requested when I submit for approval. One set of plans will be for the job site, one for the office file.

Pursuant to CBC Sec. 104.11 and CRC Sec. R104.11 deferred design submittal documents shall be sealed construction/design documents and shall bear document review/approval stamp(s) with the following notation: "These deferred design submittal documents have been reviewed and they have been found to be in general conformance with the design of the building. Deferred design submittal items shall not be installed until these deferred design submittal documents have been approved by the Building Official."

The fee for the deferred submittal review will be charged at the current hourly rate. Once the deferred submittal has been reviewed and approved they shall remain on the job site with the approved job site set of building plans.
