

MEMORANDUM

DEPARTMENT OF PUBLIC WORKS
County of Placer

TO: BOARD OF SUPERVISORS
DATE: May 8, 2012

FROM: ^{XD} KEN GREHM / RICHARD MOOREHEAD

SUBJECT: **TRAFFIC SIGNAL AND LIGHTING INSTALLATION AT AUBURN-FOLSOM ROAD AND KING ROAD**

ACTION REQUESTED / RECOMMENDATION

Adopt a Resolution approving the project plans and specifications, authorizing the Chair of the Board to sign the cover sheet, and authorize the Department of Public Works to advertise for bids for the Traffic Signal and Lighting Installation at Auburn-Folsom Rd and King Road.

BACKGROUND / SUMMARY

The Auburn-Folsom Road and King Road intersection is a rural intersection with stop signs on King Road and free flowing traffic on Auburn-Folsom Road. The signalization project at the intersection is part of a capital improvement program included in the Horseshoe Bar/Penryn Community Plan (rev. 12/05). A signal warrant analysis was performed and the volume of intersecting traffic has reached levels that a traffic control signal is now warranted. The installation of traffic signal and lighting, and advanced flashing beacons will provide a safer environment by assigning right-of-way to traffic in an orderly and predictable manner.

Long-term local traffic patterns would not be altered; however, temporary lane closures or detours may be required during construction. Construction is proposed to commence in the summer of 2012.

ENVIRONMENTAL

This project is categorically exempt from the provisions of CEQA under Section 15301(f), Class 1: addition of safety devices in conjunction with existing facility. A Notice of Exemption was posted with the County Clerk on June 21, 2011.

FISCAL IMPACT

The anticipated cost to construct this project is \$400,000. The project is being funded by traffic mitigation fees from the Newcastle/Horseshoe Bar/Penryn Benefit District. Funding for the project is included in the 2011/2012 Fiscal Year Budget. The Benefit District has a current fund balance of \$2,802,801.30.
