

Third Party Plan Review Companies

The companies below have met the minimum requirements of Placer County’s Building Services Division for providing third-party plan review services.

PLEASE NOTE: Not all companies/engineers are qualified to review all types of plans. A firm interested in being included on this list should have a representative contact the Building Services Division for information on insurance requirements and professional qualifications.

Permit applications must be submitted to the Building Services Division before an applicant contracts with a third-party review firm/engineer.
