MEMORANDUM
PUBLIC WORKS AND FACILITIES
ENGINEERING DIVISION

TO: Board of Supervisors
FROM: Ken Grehm, Director of Public Works and Facilities
       By: Matt Randall, Senior Civil Engineer and Jean Hanson, Associate Civil Engineer

DATE: December 4, 2018

SUBJECT: Engineering / Award Contract / Drake Haglan & Associates Inc. / Gold Hill Road over Auburn Ravine Bridge Replacement Project

ACTION REQUESTED
Adopt a Resolution to award Request for Proposal No. 100016 and execute Contract No. 000995 to Drake Haglan and Associates Incorporated for Project Inspection, Materials Testing, and Construction Management Services for the Gold Hill Road over Auburn Ravine Bridge Replacement Project in an amount of $598,808 and to authorize the Director of Public Works and Facilities, or designee, to execute future contract amendments up to $59,881 as needed. The project is included in the Department of Public Works and Facilities’ FY 2018-19 Final Budget and is funded by Federal Highway Bridge Program Funds (100%).

BACKGROUND
The Department of Public Works is proposing to replace the existing bridge on Gold Hill Road over Auburn Ravine. The existing bridge was built in 1930, does not meet current design standards because of the narrow roadway approach geometry, and suffers from declining structural condition. The project is being completed under the Federal Highway Bridge Program (HBP). The proposed project will construct the bridge and roadway approaches to current structural, geometric, and hydraulic guidelines.

The purpose of Request for Proposal (RFP) No. 100016 was to procure an inspection, materials testing and construction management consultant. To identify qualified firms for this project, the department enlisted the assistance of the Procurement Services Division to develop RFP No. 100016. A total of 363 firms were notified of the solicitation, 95 firms accessed the documents, and formal responses were received from Drake Haglan and Associates of Rancho Cordova, CA, PSOMAS of Roseville, CA and MGE Engineering of Sacramento CA.

An evaluation panel comprised of representatives from the Department of Public Works and Facilities Engineering Division and from Sutter County’s Department of Public Works reviewed the responses in accordance with the evaluation criteria contained within the solicitation. Following an extensive review process, the most qualified firm was determined to be Drake Haglan and Associates Inc. Your Board awarded the construction contract on November 20, 2018 to Bridgeway Civil Constructors Inc. of Vacaville and construction is tentatively planned for spring 2019. Construction vegetation monitoring extends 5 years beyond the completion date.

ENVIRONMENTAL IMPACT
The Board approved the Initial Study/ Mitigated Negative Declaration (IS/MND) prepared for this project, pursuant to the California Environmental Quality Act (CEQA) with State Clearing House No. 2015062005 on August 4, 2015. A Categorical Exclusion Determination was approved by Caltrans on January 21, 2016, in compliance with the National Environmental Policy Act (NEPA).

FISCAL IMPACT
The total estimated cost of this agreement is $598,808. This project is funded (100%) through the Federal Highway Bridge Program and is included in the Department of Public Works and Facilities’ FY 2018-19 Final Budget under the line item PJ00517, Bridge Replacement Project on Gold Hill Road over Auburn Ravine. This is a multi-year project. The Department anticipates contract expenditures of $300,000 in FY 2018-19 and the remainder will be expended in future fiscal years.
