### Can I search by owner name?

- In accordance with laws to protect privacy of elected and appointed officials, we do not allow searches by name on our public website (California Public Records Act, Government Code Section 6254.21). However, owner information is available in person at our office.
  - If you know the area but not the parcel number, you can go to our interactive [Placer County Index Map \(PDF\)](#) and locate the parcel.
2. To access the assessment information from your search, **select the desired underlined assessment number**. There may be more than one depending on the search.

Below is an example of what you might see when looking at property assessment information:

- Searches of books 001-099 require the leading zeros. A more complete assessment number will result in a more specific search.
- Parcels secured by real property begin with book numbers 001 and go up to book 499.
- Unsecured assessment numbers begin with 800-995 and are categorized.
- To print your Assessment information, click on "Print" located at the top of the data window. Bottom of Form

### ***How do I view and print assessor maps?***

You may obtain maps from our website by selecting View Maps in the Assessment Inquiry application, the map will open in PDF format.
