RAFTING PERMIT

The Placer County Planning Services Division accepts applications online and over the counter. To use the County's convenient automated online application system, visit the County's [Online Permit Services](#) page to get started. Alternatively, you may submit a [Universal Application](#) with the required supplemental application materials in person at the Community Development Resource Agency (CDRA) front counter. An appointment to submit your application may be made using the County's automated appointment scheduling system [here](#). Applications are also accepted without an appointment on a walk-in basis.

All supplemental application materials are required to be submitted electrically in accordance with the County's Electronic Document Submittal Requirements detailed in the [Electronic Application Filing Instructions](#), which specifies file naming conventions, formatting requirements, and file types that are accepted. For applications submitted at the CDRA front counter, all supplemental applications materials shall be delivered on a portable storage device, such as a flash drive or CD.

The following is a checklist of application materials required to submit a Rafting Permit application online or at the CDRA front counter.

- Completed Universal Application (not required if application is submitted online): Select the [Rafting](#) entitlement authorization under section 1 of the application form.
- Project description: (see [Project Description Requirements](#))
In addition to the standard Site Plan requirements, include the following information:
 - Personal safety flotation equipment such as life vests.
 - Sanitation facilities
 - Vehicle parking at the expected points of ingress and egress from the river or stream and at the business location.
 - Vehicle access and traffic control at the points of ingress and egress from the river or stream.
 - Provisions for cleanup of ingress and egress points as well as for cleanup of the length of the river or stream between the ingress and egress points.
 - Shuttle vehicles for customers, the general public, and rental rafts from the point of egress to the point of ingress and/or the location of the business.
- Project site plan: (see [Site Plan Requirements](#))
In addition to the standard Site Plan requirements, include the following information:
 - Location of and use of existing and proposed structures on property;
 - Roads, driveways, circulation routes, and parking areas, with parking areas clearly identified by stall size and numbered;
 - Setback from property lines of all buildings, septic tanks, leach lines, and wells; and
 - Distance of wells and streams, if any, from sewer system.
- Application fees are required to be paid in full at the time of application submittal. The most current version of the Planning Services Division Fee Schedule is available [here](#).
