

Rear-Door Loading and Free Fares on PCT Routes in Response to Coronavirus (COVID-19)

Beginning March 27th, we encourage all passengers to enter and exit from the rear (side) door of the vehicle. This measure is being put in place to reduce the interaction between PCT drivers, farebox equipment, and customers while the threat of COVID-19 remains present.

The front door will continue to be used when the rear door is not feasible or when an ADA request need to be accommodated.

While this measure is in place, **fares will not be collected**, and passengers will ride free of charge.
