SUBJECT: Transportation / 2019 Certification of Maintained Mileage

ACTION REQUESTED

Adopt a Resolution certifying the Maintained Mileage records for 2019, which results in a new total County maintained mileage of 1,056.040 miles.

BACKGROUND

Section 2121 of the California Streets and Highways Code requires that each year, the County submit to the Department of Transportation an update of the County Maintained Mileage records.

The prior total mileage of County maintained roads was 1,057.180 miles. The acceptance and abandonment of County roads resulted in a decrease of 1.14 miles to the Maintained Mileage system, for a new total of 1,056.040 miles.

ENVIRONMENTAL IMPACT

The action is categorically exempt pursuant to CEQA Guidelines, Section 15306, Information Collection, Class 6 provisions pertaining to data collection, research, and resource evaluation.

FISCAL IMPACT

The miles of maintained roads are a factor in some Road Fund revenue calculations. A decrease of 1.14 miles is not a significant change.
