

M E M O R A N D U M
DEPARTMENT OF PUBLIC WORKS
ROAD MAINTENANCE DIVISION
County of Placer

TO: Board of Supervisors

DATE: May 5, 2020

FROM: Ken Grehm, Director of Public Works
By: Kevin Taber, Engineering Manager

SUBJECT: Road Maintenance / Approve Specifications, Bid Authorization / 2020 Hot Mix Asphalt Overlay Project

ACTION REQUESTED

Approve specifications for the Placer County 2020 Hot Mix Asphalt Overlay Project estimated to cost \$4,300,000 and authorize the Director of Public Works, or designee, to advertise for bids.

BACKGROUND

Your Board's approval of the Department's FY 2019-20 Final Budget included funds for roadway resurfacing. We listed this project in the 2019-20 Senate Bill 1 Project List which makes it eligible to receive Road Maintenance and Rehabilitation Account (RMRA) funding. This is the third of three resurfacing projects that we will construct this year; the first is a microsurfacing/cape seal project in the amount of \$2,680,500, and the second is a chip seal project in the amount of \$1,786,650. Your Board awarded these two contracts last month. The combined amount of the three contracts will be approximately \$8,800,000.

A list of roads proposed for asphalt overlay is attached. The Road Maintenance Division selected the identified roads based on their geographic proximity, existing surface type, and overall pavement condition index. Overlay work is expected to be awarded in June of 2020 and construction to commence in July of 2020 and last for approximately 30 working days. The total length of the combined project roads is approximately 8.5 miles.

ENVIRONMENTAL IMPACT

This project is Categorically Exempt from the provisions of CEQA as a Class I exemption, Section 15301 (c) "Maintenance of Existing Facilities".

FISCAL IMPACT

The total cost of the project is \$4,300,000 and is budgeted in the Department of Public Works FY 2019-20 Final Budget, Engineering Division, Cost Center 19006, PJ00959. This is a one-time project that is a part of the Department's road maintenance and resurfacing efforts.
