SCOPE OF SERVICES

Public Law 110-351 – The Fostering Connections to Success and Increasing Adoptions Act of 2008 - is a comprehensive reform effort to make sure that youth in foster care have their day-to-day physical, mental, and emotional needs met; that they have the greatest chance to grow up in permanent and supportive homes; and that they have the opportunity to grow into self-sufficient, successful adults. In accordance with All-County Letter (ACL) 11-51 from the California Department of Social Services (CDSS), this agreement is an effort to assist school districts in complying with this law.

One of the policy changes that Public Law 110-351 provides is important supportive services to foster youth, including transportation to the school of their origin. When children are separated from their homes, finding care with relative or non-relative (but close and familiar) family homes is paramount. At times, these homes are not within their local School District, known as the “school of origin”. Placer County Children’s System of Care, in compliance with this law has a need to support the ongoing transport of foster children who are returning to their district of origin from a foster care placement that is out of their district. School districts are making efforts to provide this service, and CDSS has recommended that Schools and Child Welfare Authorities make agreements for the expenditure of Title IV-E funds for this purpose.

The COUNTY will coordinate with school districts liaisons when there are foster children that need transportation from outside of their district. CONTRACTOR may use their own transportation or subcontract to a transportation agency. Where possible, the lowest cost alternative will be chosen.

DRAFT

PAYMENT PROVISIONS

Rates may change within 10% of rate listed in this agreement with written approval of the County Contract Administrator and the Revenue and Budget Program Manager.

COUNTY will reimburse CONTRACTOR for actual cost of transportation. Transportation options can include, but are not limited to, the CONTRACTOR'S own district transportation with adjusted routes, public transportation, or private transportation services (such as Medi-Cab, Macy Transportation, etc.). CONTRACTOR has an obligation to the COUNTY to seek out the lowest cost for transportation, including when using private or public alternatives to meet the transportation needs of the foster youth.

When transporting the foster youth, CONTRACTOR shall include mileage log, including school of origin and the school of residence, with each invoice. When private or public transportation alternatives are used, CONTRACTOR shall include copies of all receipts of payment, which should include documentation referencing the provider's rate(s), mileage log, and include school of origin and the school of residence, with each invoice.
