COUNTY EXECUTIVE OFFICE
ADMINISTRATION**
County of Placer

TO: Honorable Board of Supervisors DATE: June 23, 2020

FROM: Todd Leopold, County Executive Officer
By: Vanessa Lieberman, Senior Management Analyst

SUBJECT: Price Index Adjusted Health and Human Services Fees for Fiscal Year 2020-21

ACTION REQUESTED

Adopt a Resolution establishing the current fee schedules and sliding fee scales for services provided by the Health and Human Services Department, increasing fees by 2.975%.

BACKGROUND

Fees have been established for various services according to the Placer County Code (PCC). PCC authorizes such fees to be adjusted annually based on actual costs or on a specified Consumer Price Index (CPI) or Construction Cost Index (CCI) formula. Fees based on the California Department of Industrial Relations Consumer Price Index have been calculated on the February to February time period.

Health and Human Services Fees

Adult and Children’s Systems of Care – Fees may be charged for mental health services and substance use disorder assessment and treatment services. PCC requires fees be subject to an annual adjustment at the same rate as the California Department of Industrial Relations, CPI California – for All Urban Consumers. Based on this methodology, there will be an increase in fees of 2.975 percent. For substance use disorder treatment services, a sliding fee scale has been established to be applied to these charges based on the client’s ability to pay.

Animal Services – Fees are charged for various services including adoptions, impounds, quarantines, licenses, permits, penalties, and field services. PCC requires fees be subject to an annual adjustment at the same rate as the California Department of Industrial Relations, CPI California – for All Urban Consumers. Based on this methodology, there will be an increase in fees of 2.975 percent.

Environmental Health – Environmental Health Fees are adjusted annually at the same rate as the California Department of Industrial Relations, CPI California – for all Urban Consumers. Based on this methodology, an increase in fees of 2.975 percent is requested for approval with an effective date of July 1, 2020, for fees charged during FY 2020-21. Annual health permit fees are generally billed three months in advance of the upcoming fiscal year, so approval of the CPI increase with an effective date of July 1, 2020, will allow for billings to be distributed in a timely manner during FY 2020-21.

FISCAL IMPACT

Adjustments to fees will be effective July 1, 2020 and are based on an appropriate cost index in order to maintain current levels of service respective to operating costs increases over time. These fee increases are built into the departments' Fiscal Year 2020-21 Budget.

The revised Fiscal Year 2020-21 Fee Schedules are attached as Exhibit A to the accompanying Resolution.
