

Trio HMO 2021 Network

Trio HMO is powered by a specially selected network of local doctors, specialists, and hospitals all committed to working more closely together. This ensures all aspects of your care are more connected and efficient – keeping your premiums as low as possible in the process.

Like our other HMO plans, with Trio you have a primary care physician (PCP). Your PCP can coordinate your care, treat common illnesses and injuries, and provide a referral if you need to see a specialist.
