TO: Board of Supervisors DATE: December 15, 2020  
FROM: Ken Grehm, Director of Public Works  
By: Jean Hanson, Associate Civil Engineer  
SUBJECT: Environmental Mitigation Bank Agreement / Crosby Herold Road over  
Doty Ravine Bridge Replacement Project

---

**ACTION REQUESTED**

Adopt a Resolution authorizing the Director of Public Works, or designee, to execute a Credit Transfer Agreement with the Placer County Conservation Program, for riparian wetland establishment credits, in a total amount not to exceed \$141,209 with funding from the Federal Highway Bridge Program.

**BACKGROUND**

The Department of Public Works is proposing to replace the bridge on Crosby Herold Road over Doty Ravine, north of Wise Road. The existing bridge is 75 years old, has deteriorating structural capacity and a substandard narrow, one-lane deck and roadway approach geometry. The proposed project will construct the bridge and roadway approaches to current structural, geometric, and hydraulic guidelines. The project is being completed under the Federal Highway Bridge Program.

Environmental permit requirements from the Central Valley Regional Water Quality Control Board and the California Department of Fish & Wildlife for construction of the bridge project include the purchase of a total of 0.39 acres of riparian credits from the Placer County Conservation Program. The total estimated cost to purchase these credits is \$141,209.

**ENVIRONMENTAL IMPACT**

The Board approved the Initial Study/ Mitigated Negative Declaration (IS/MND) prepared for this project, pursuant to the California Environmental Quality Act (CEQA) with State Clearinghouse No. 2019089087 on October 22, 2019. A Categorical Exclusion Determination was approved by Caltrans on October 28, 2019, in compliance with the National Environmental Policy Act (NEPA).

**FISCAL IMPACT**

The cost of this agreement is \$141,209. This cost is included in the Department of Public Works FY 2020-2021 Budget under line item PJ00516 Bridge Replacement Project on Crosby Herold Road over Doty Creek. Funding is provided by the Federal Highway Bridge Program (100%). This is a multi-year project.
