BACKGROUND

The Placer County Sheriff's Special Enforcement Team (SET) responds to high risk and crisis situations occurring in dark or low-light environments. These operations may include high risk warrant service, barricaded or armed subjects, and rural/wooded area searches. Night vision technology can substantially improve SET's ability to accurately assess rapidly evolving conditions during a crisis, while improving the safety of everyone involved.

The Sheriff's Office requests Board approval to purchase six (6) ruggedized night vision goggle units and mounting accessories in the total amount of \$49,883. Funding for this purchase is available through the Sheriff's FY18 Department of Homeland Security Grant Program award. In 2017, the Sheriff's Office requested funding for night vision equipment through the Homeland Security Grant Program and was subsequently awarded \$57,870; the grant performance period for the FY18 award is September 1, 2018 through May 31, 2021.

FISCAL IMPACT

Funding is available within the Sheriff's FY 2020-21 Final Budget under the Department of Homeland Security Grant Program. Upon Board approval, \$49,883 will be moved into 54450 Equipment within the Sheriff's Department of Homeland Security Program to complete the purchase. There is no impact to the County General Fund.
